## TILE LEVELLING SYSTEM

A BRAND NEW SOLUTION FOR FITTING PORCELAIN OR CERAMIC WALL & FLOOR TILES.

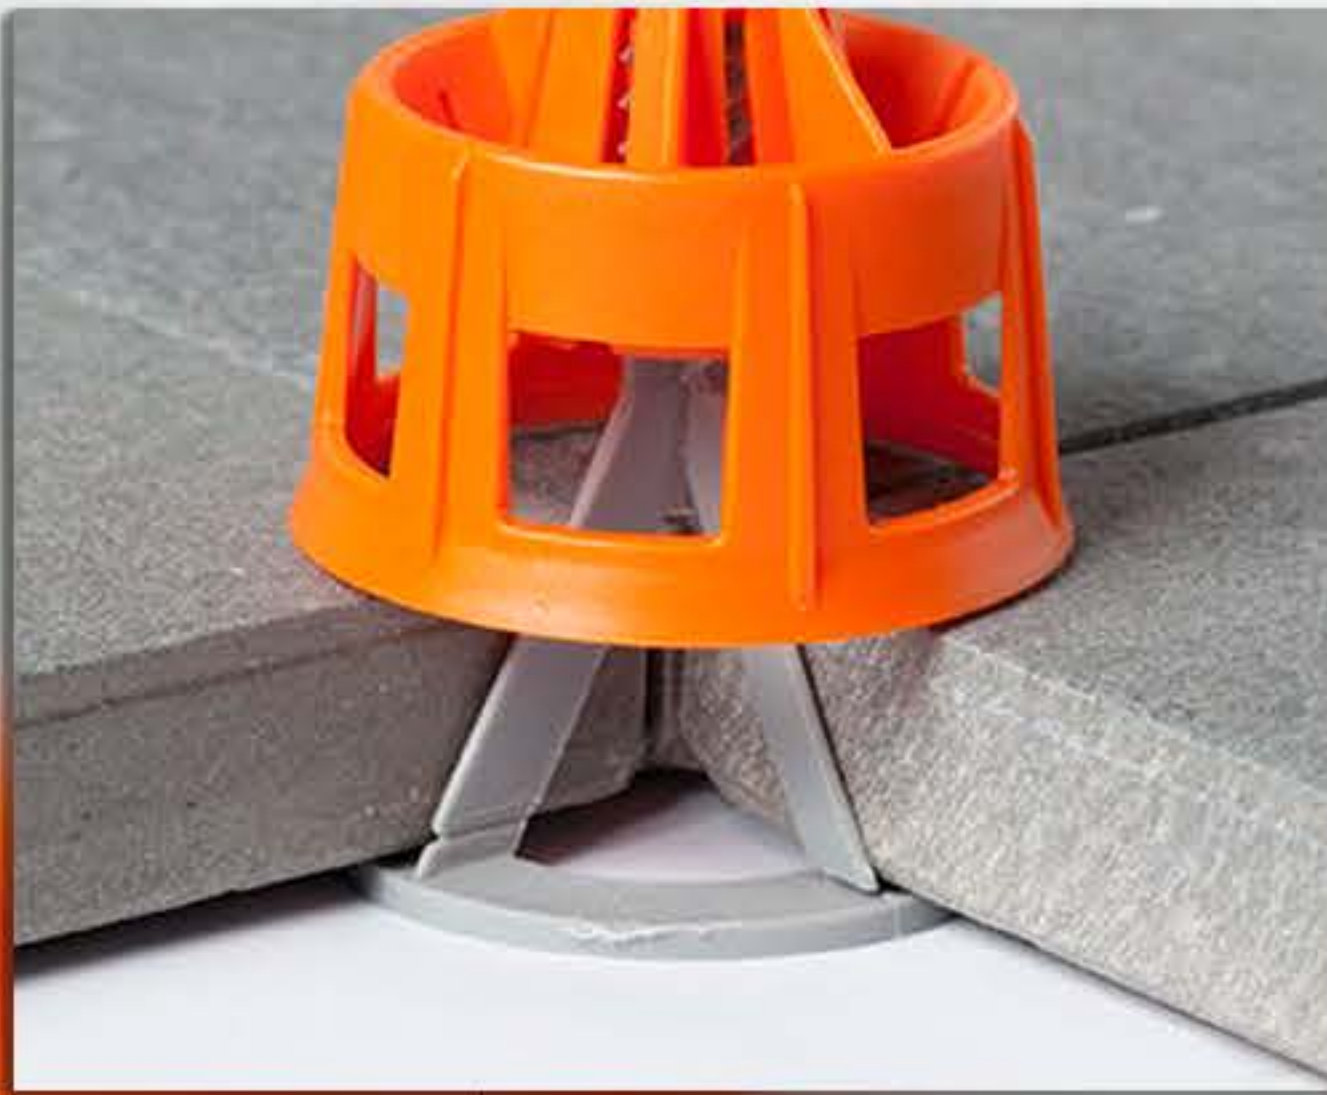

EASY TO INSTALL AND WORKS WITH ALL KINDS OF TILES FROM 3MM TO 30MM DEPTH.

**'PROFESSIONAL RESULTS EVERYTIME'**

**'SIMPLY TWIST TO LEVEL TILES FAST'**

**'SAVES TIME ON THE JOB'**

Adjustable crown to suit tile depth.

### BASE

One base suits all tile depths from 3mm to 30mm and any type of fitting arrangement.

### CROWN

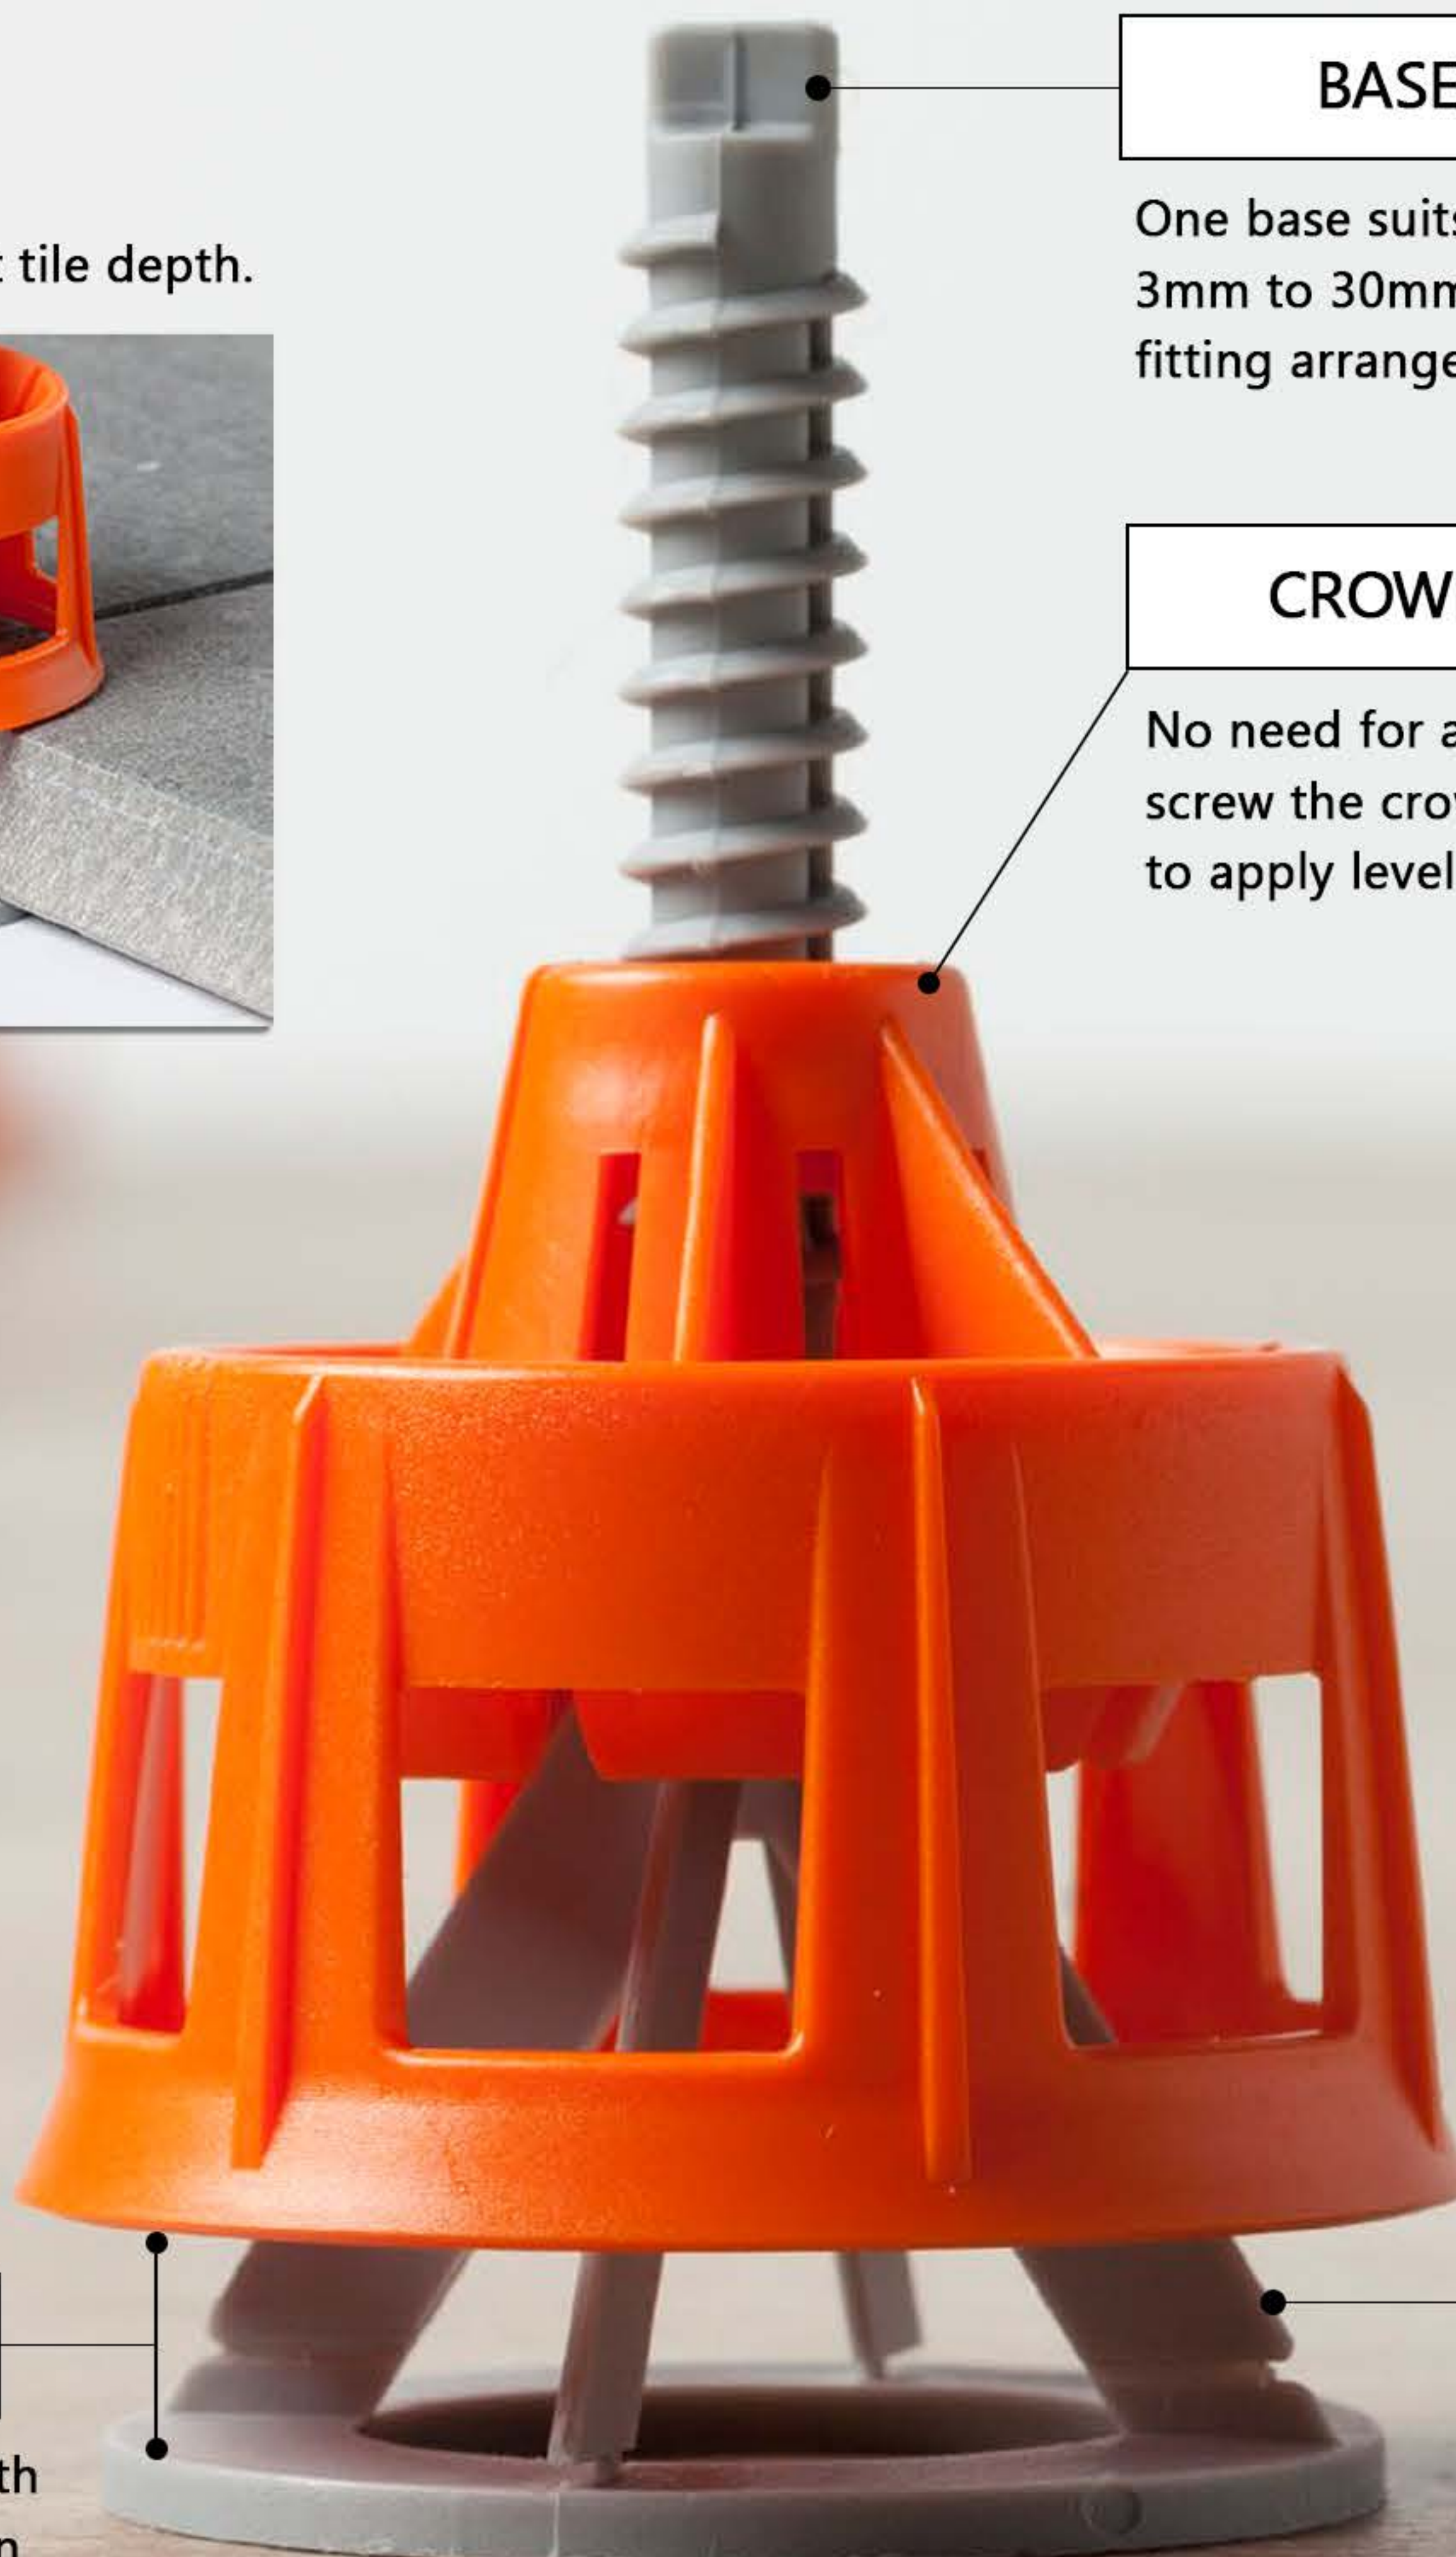

No need for any extra tools simply screw the crown down onto the base to apply levelling pressure.

### WORKING DEPTH

Twist has a working depth suitable for tiles between 3mm and 30mm in thickness.

### SPACER SIZE

1mm, 2mm and 3mm base size options available.

## HOW TO USE

Position the base, press down the crown and manually screw by hand to level the tile.

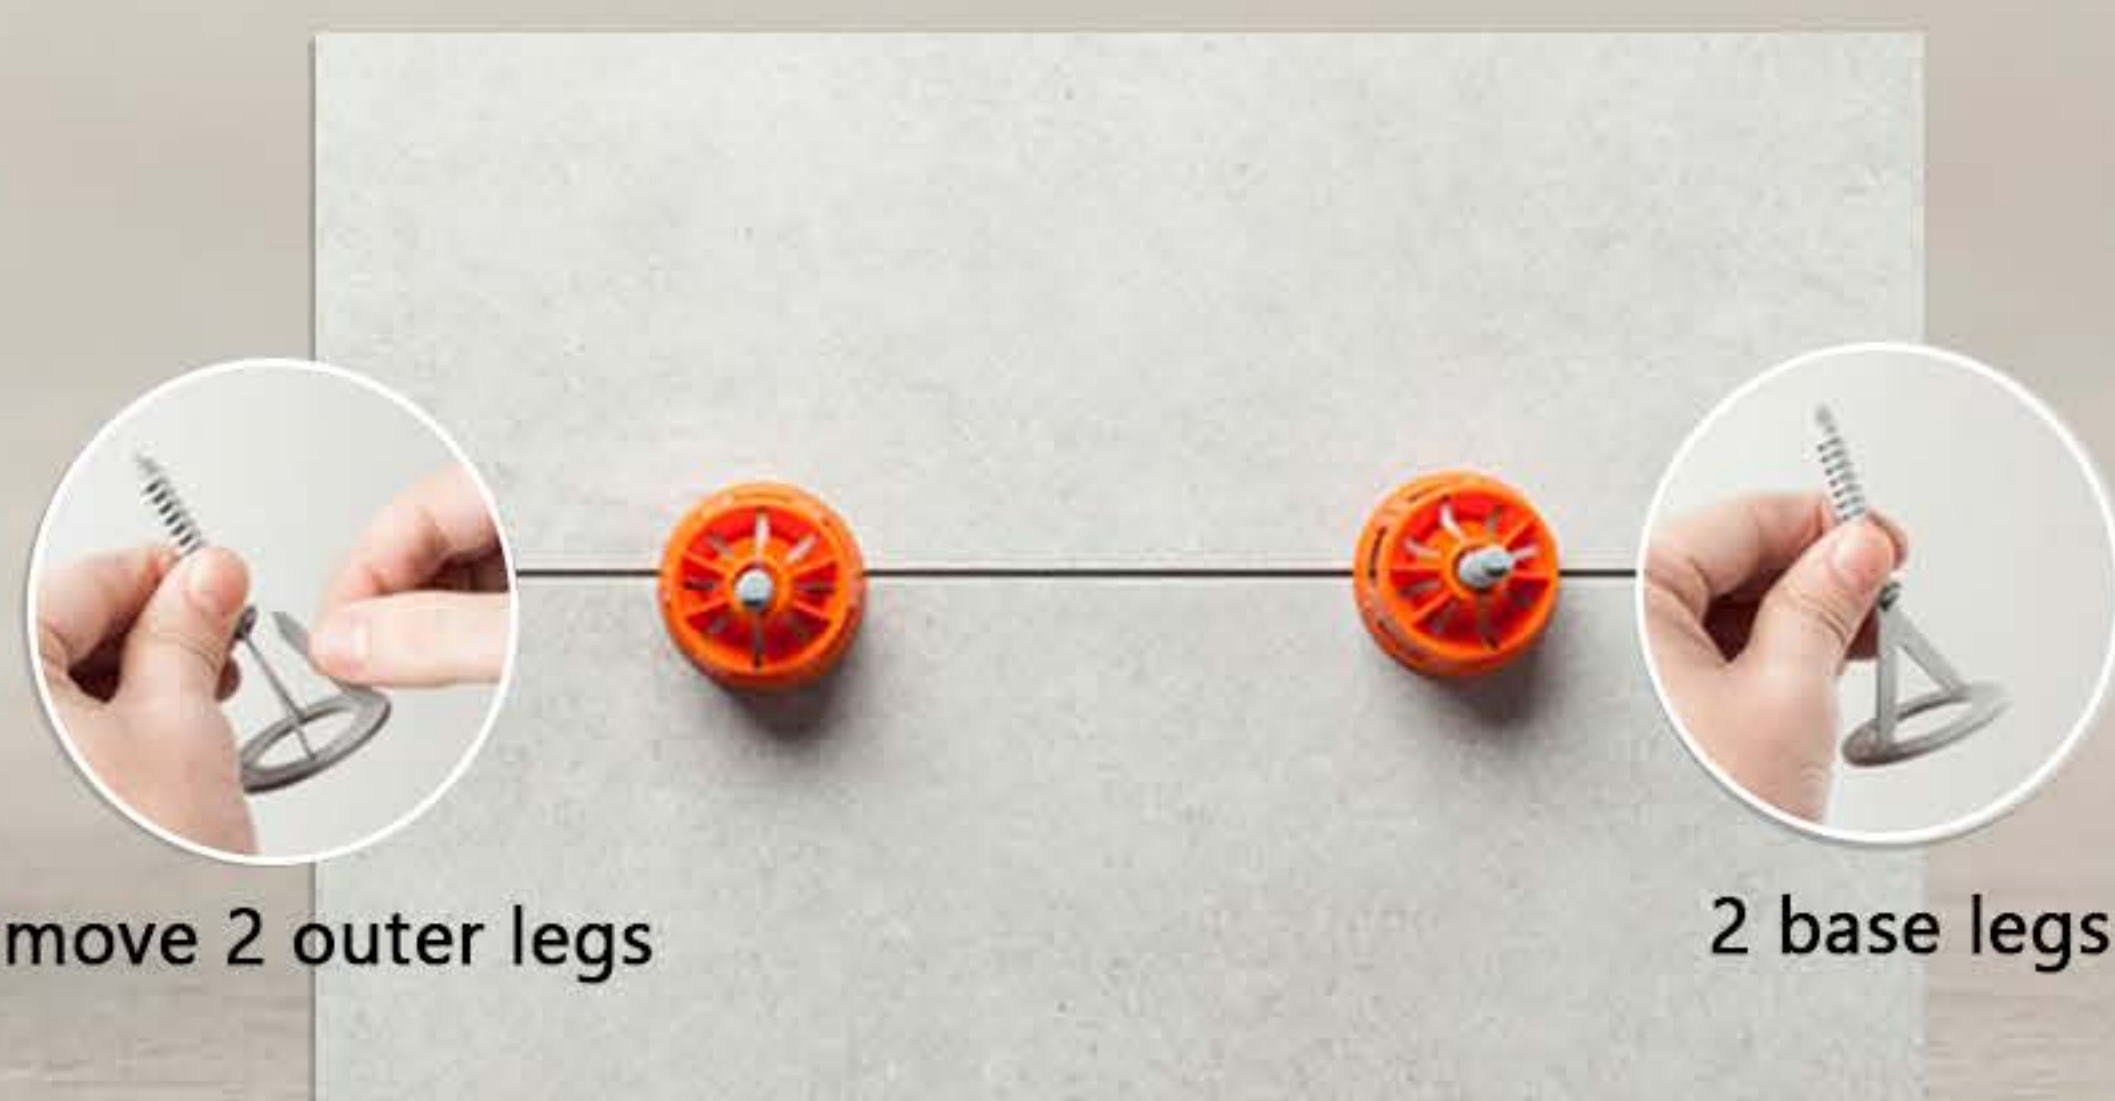

## FITTING ARRANGEMENTS

Stack bond arrangement.

Brick bond arrangement.

Linear bond arrangement.

## PREMIUM QUALITY

The raw materials used in manufacturing Twist levelling systems are highly consistent in quality and with each product being individually checked and tested for strength and durability you can rest assured they won't let you down.

## INNOVATIVE DESIGN

Part of the design stage and the innovation of the Twist tile levelling system relies on it's ability to produce consistent results over and over again. These results are based on our deep knowledge and understanding of tiles and the techniques of installing them.

## BASE SIZE OPTIONS

## PACK QTY's

CROWN	QTY	
Pieces per bag	50	100
Bags per box	10	5
Bulk box (loose)	600	

BASES	QTY
Pieces per bag	100
Bags per box	6
Bulk box (loose)	800

## Approx. coverage

6m<sup>2</sup> - 600mm x 300mm tiles = 3,181 bases

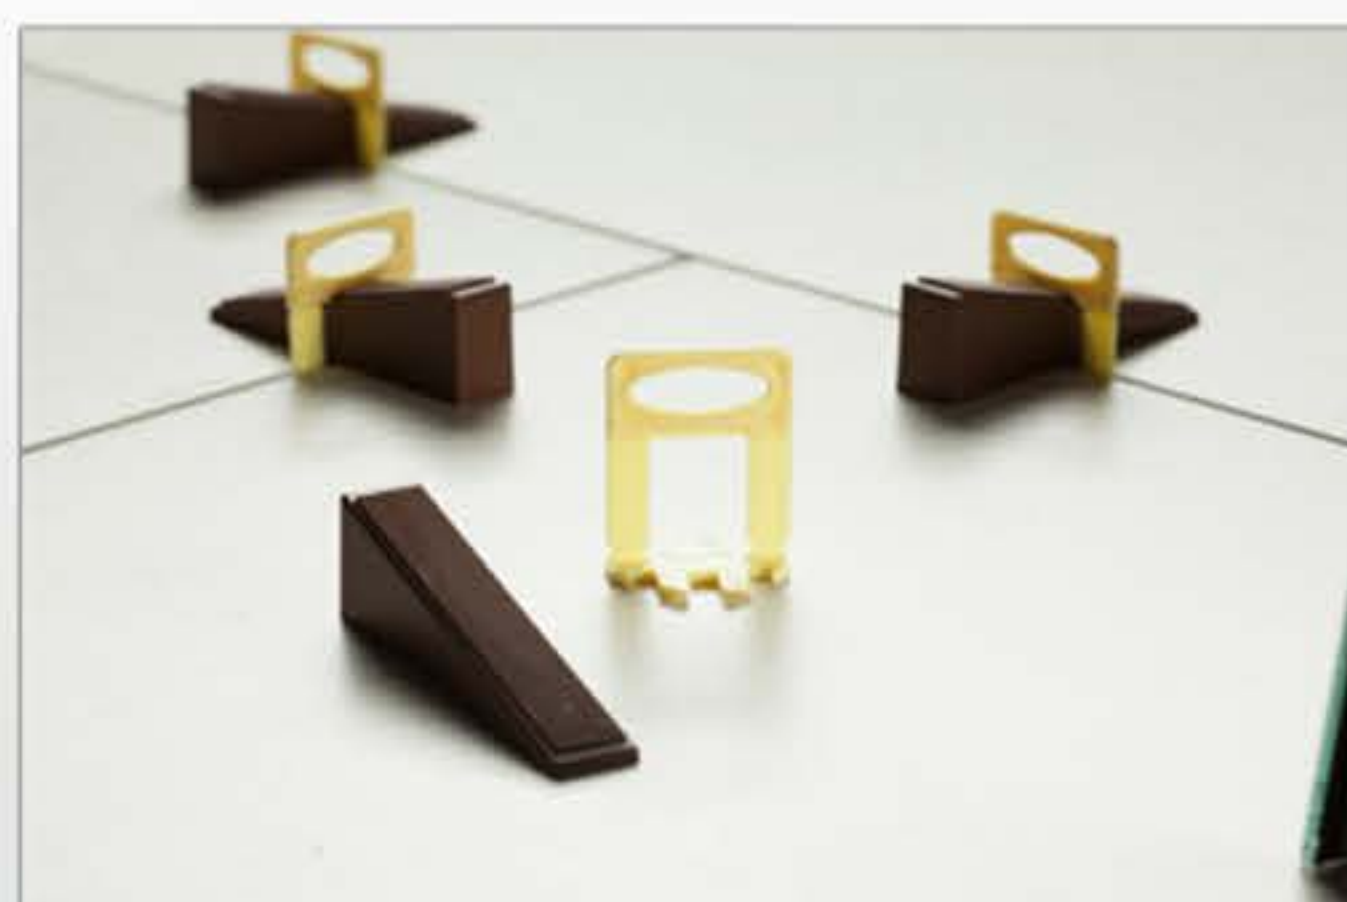

6m<sup>2</sup> - 600mm x 600mm tiles = 2,101 bases

# PC VY

LEVELLING SYSTEM

Pony is our smallest system, perfect for levelling small format wall and floor tiles between 3mm to 16mm in depth.

- ✓ **PERFECT FOR SMALL FORMAT TILES**
- ✓ **FAST, EFFICIENT & SIMPLE TO USE**
- ✓ **PREVENTS TILES MOVING WHEN FITTED**
- ✓ **DURABLE HIGH QUALITY PVC MATERIAL**
- ✓ **PROFESSIONAL LIP-FREE FINISH**
- ✓ **RE-USEABLE WEDGES**

Pony wedges are made from heavy duty durable pvc and can be used multiple times.

Perforated base allows for better tile adhesion.

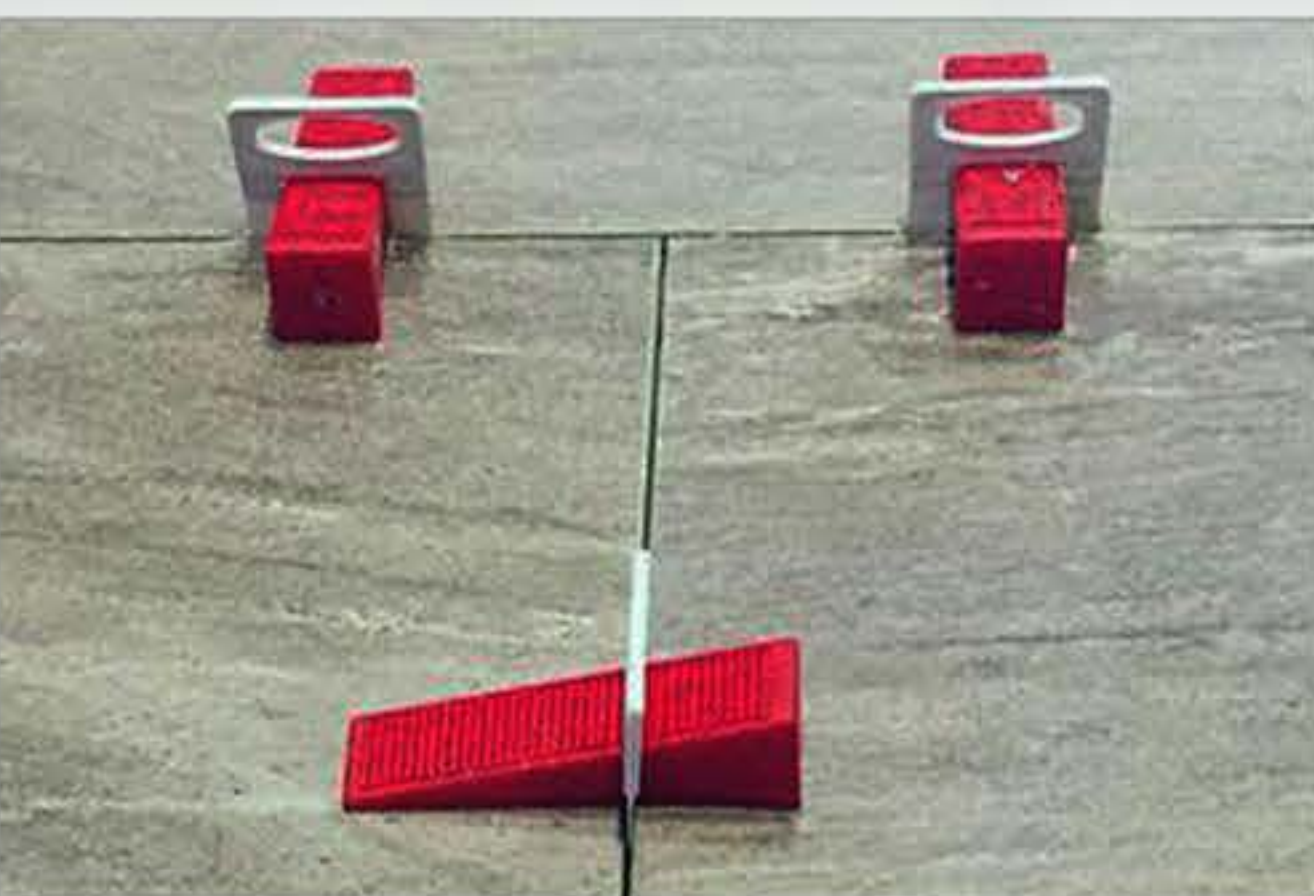

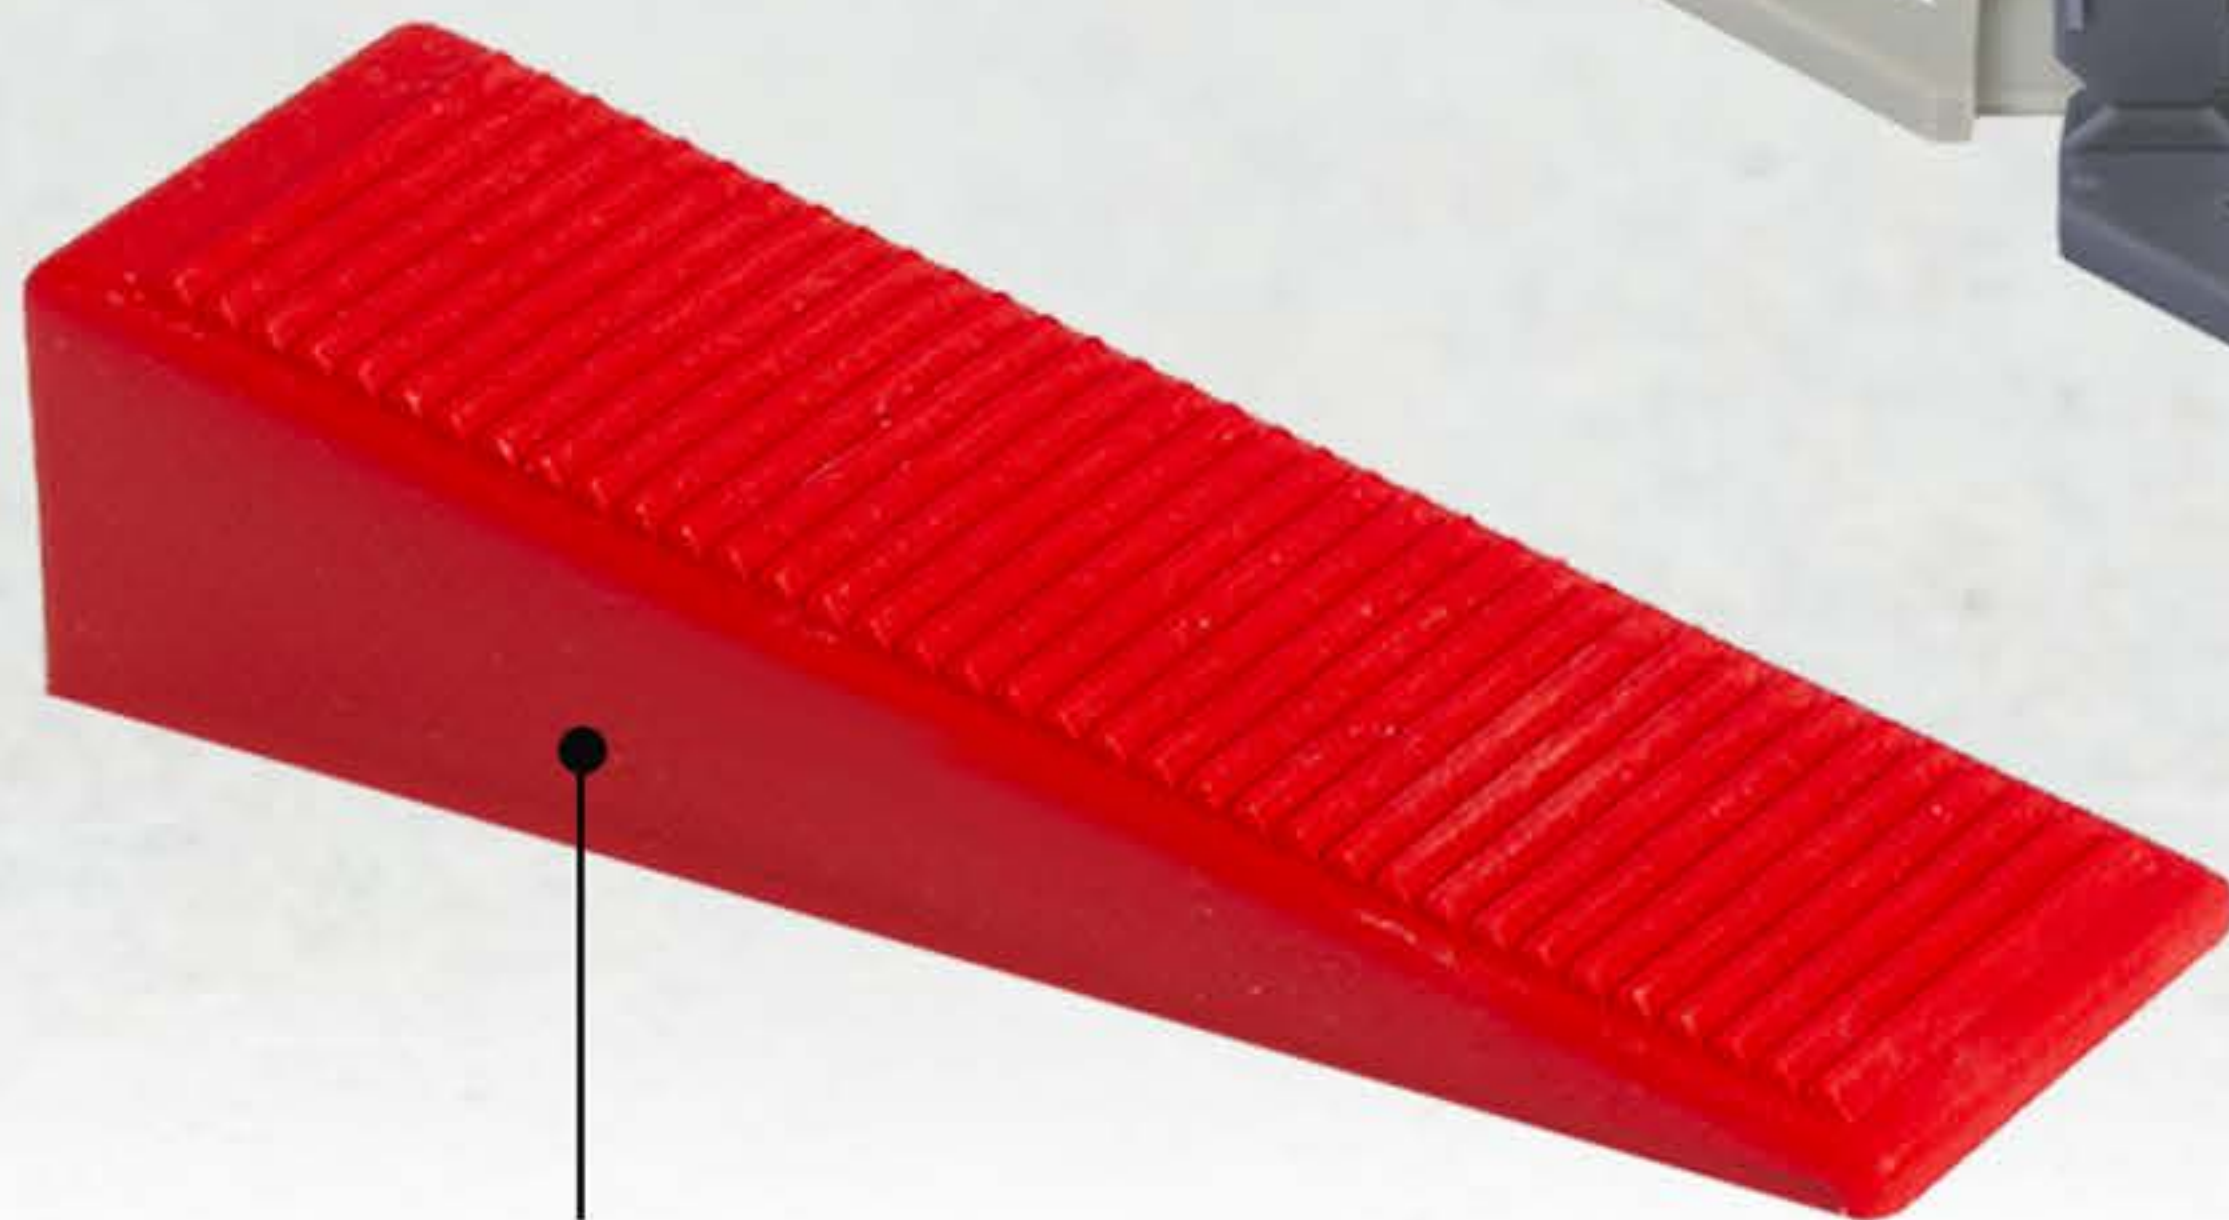

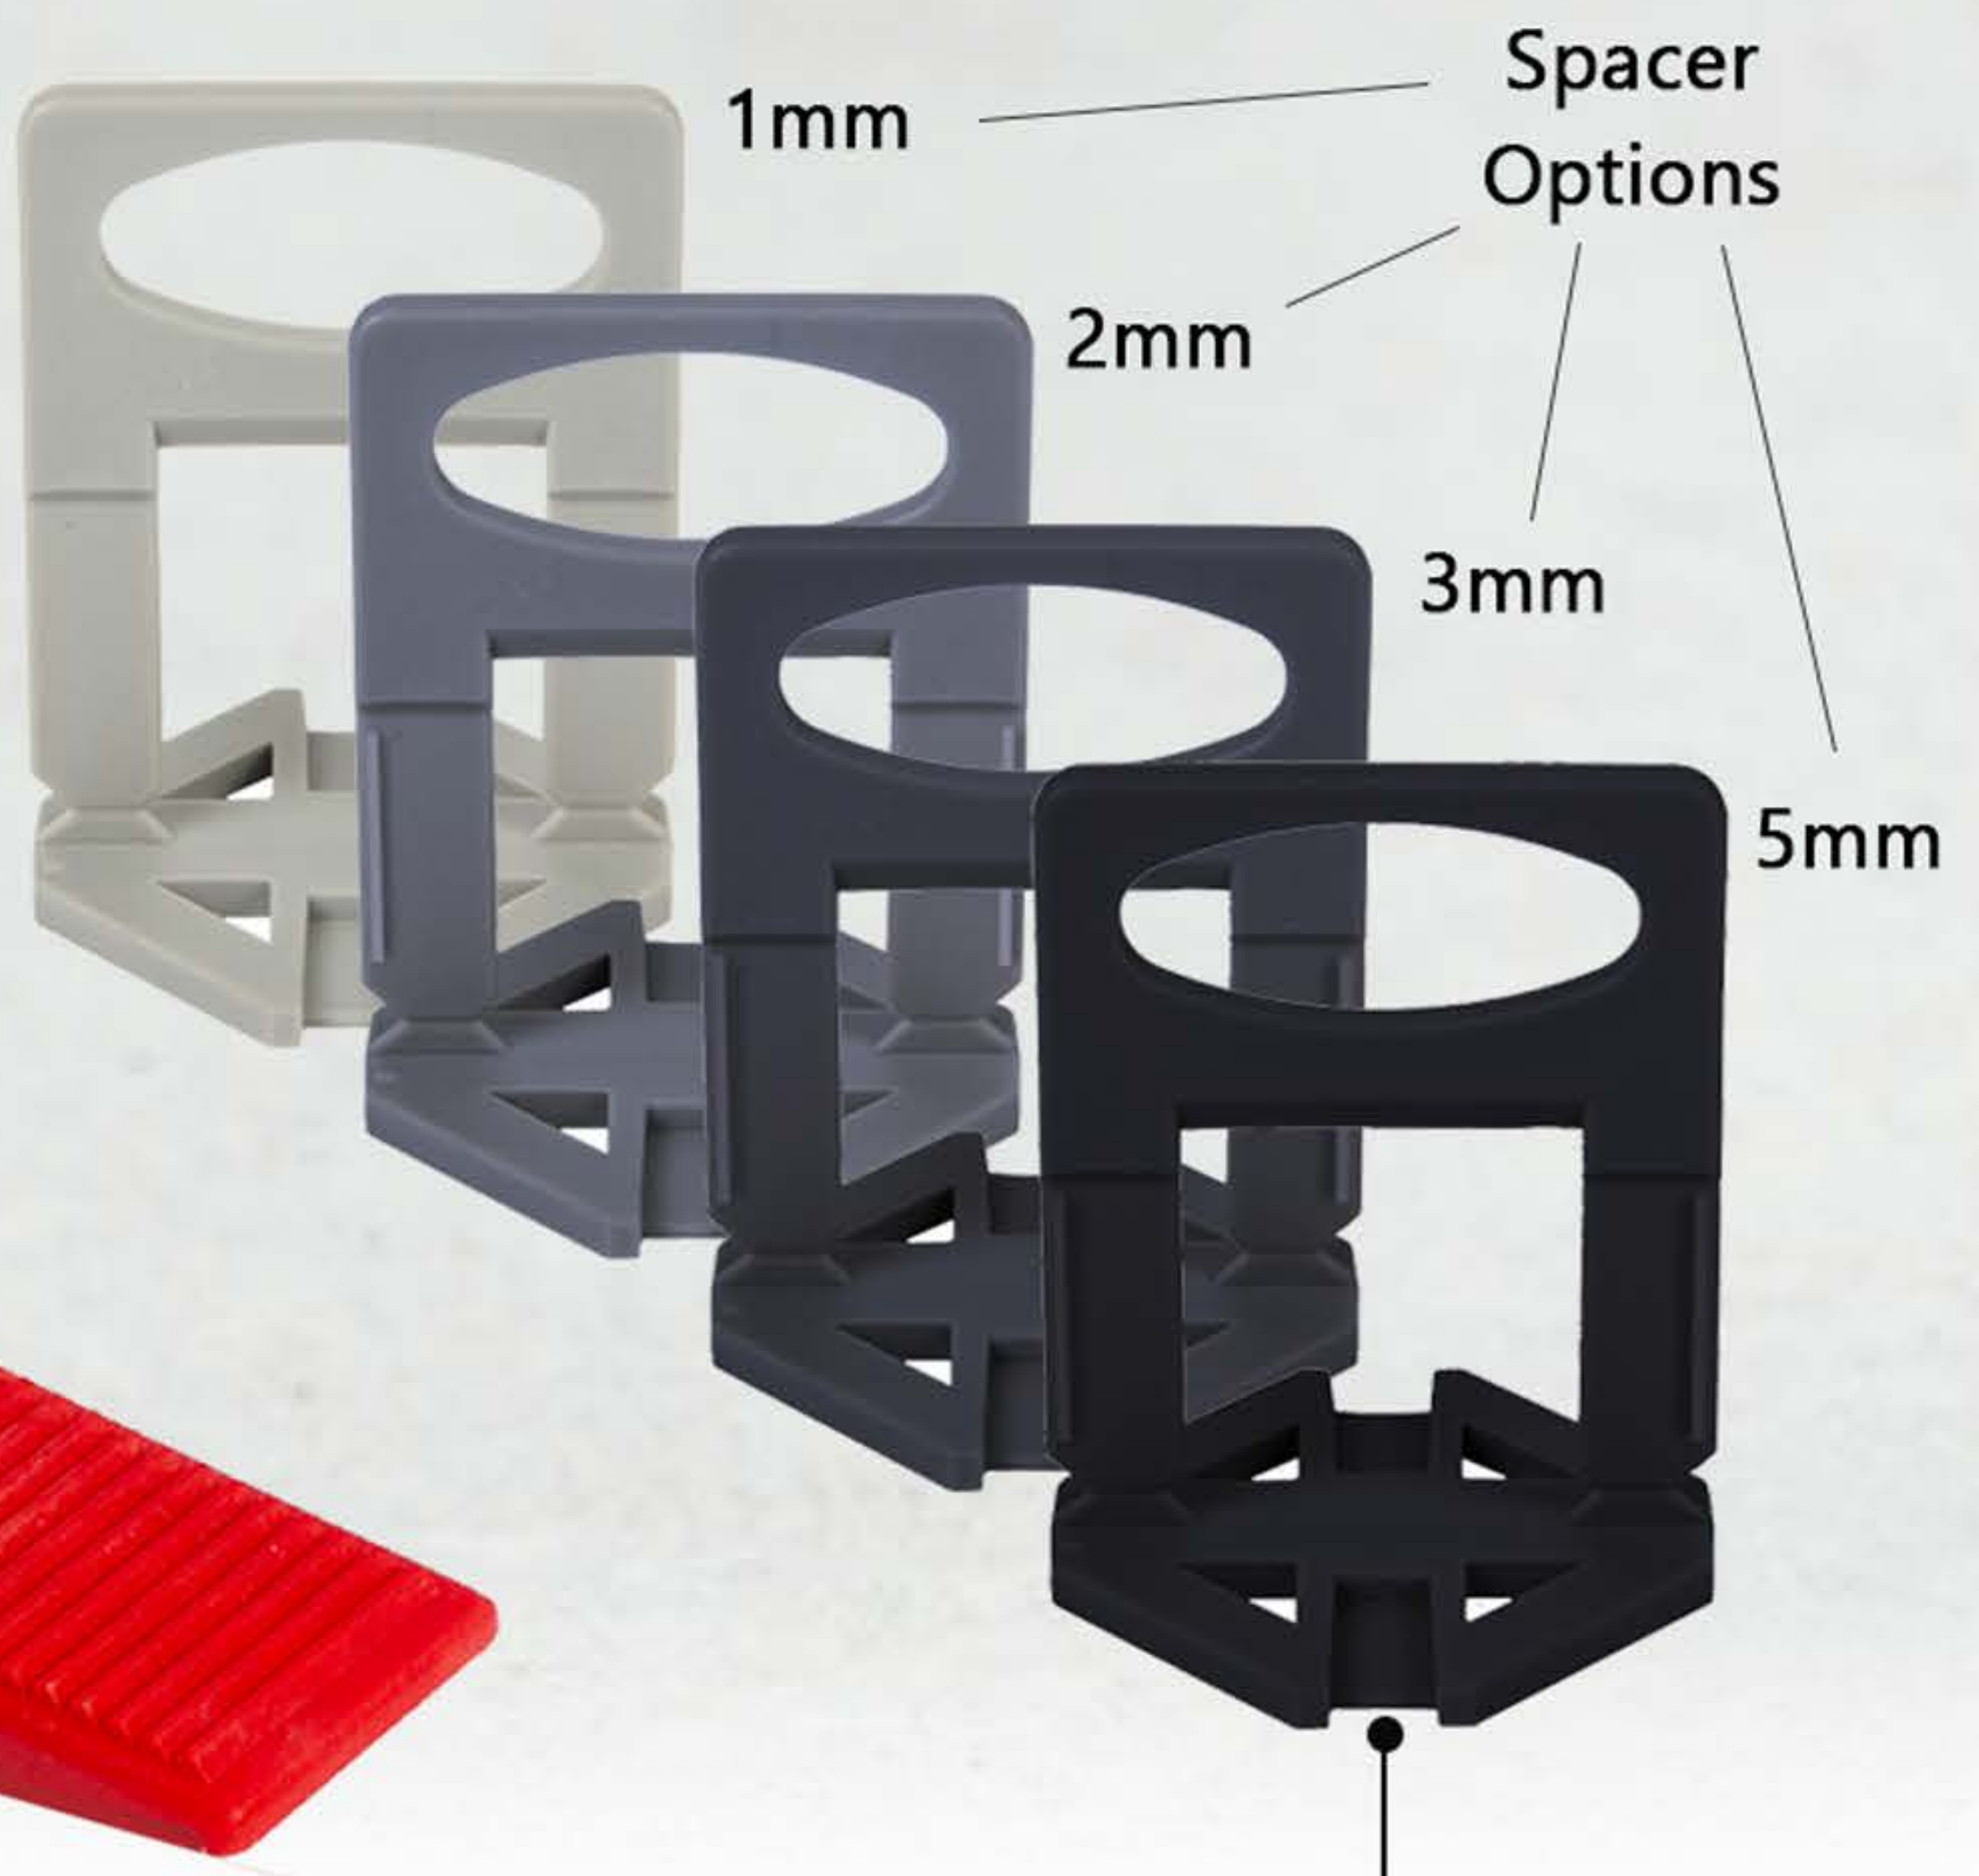

# **mustang**

levelling system

Mustang, the big brother of Pony is designed for levelling medium to large format wall and floor tiles between 3mm to 20mm in depth.

- ✓ **IDEAL FOR MEDIUM/LARGE FORMAT TILES**
- ✓ **FAST, EFFICIENT & SIMPLE TO USE**
- ✓ **PREVENTS TILES MOVING WHEN FITTED**
- ✓ **DURABLE HIGH QUALITY PVC MATERIAL**
- ✓ **PROFESSIONAL LIP-FREE FINISH**
- ✓ **RE-USEABLE WEDGES**

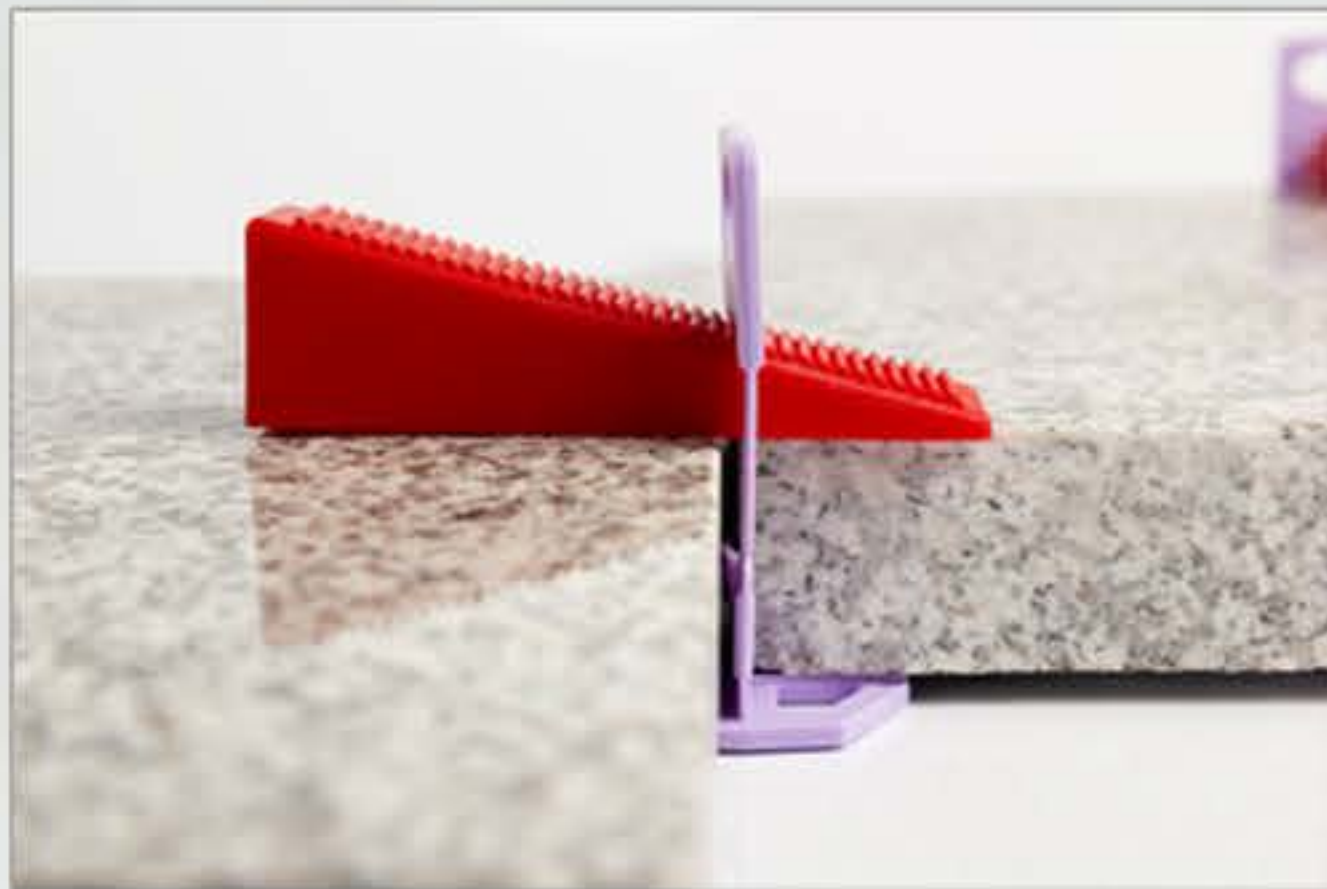

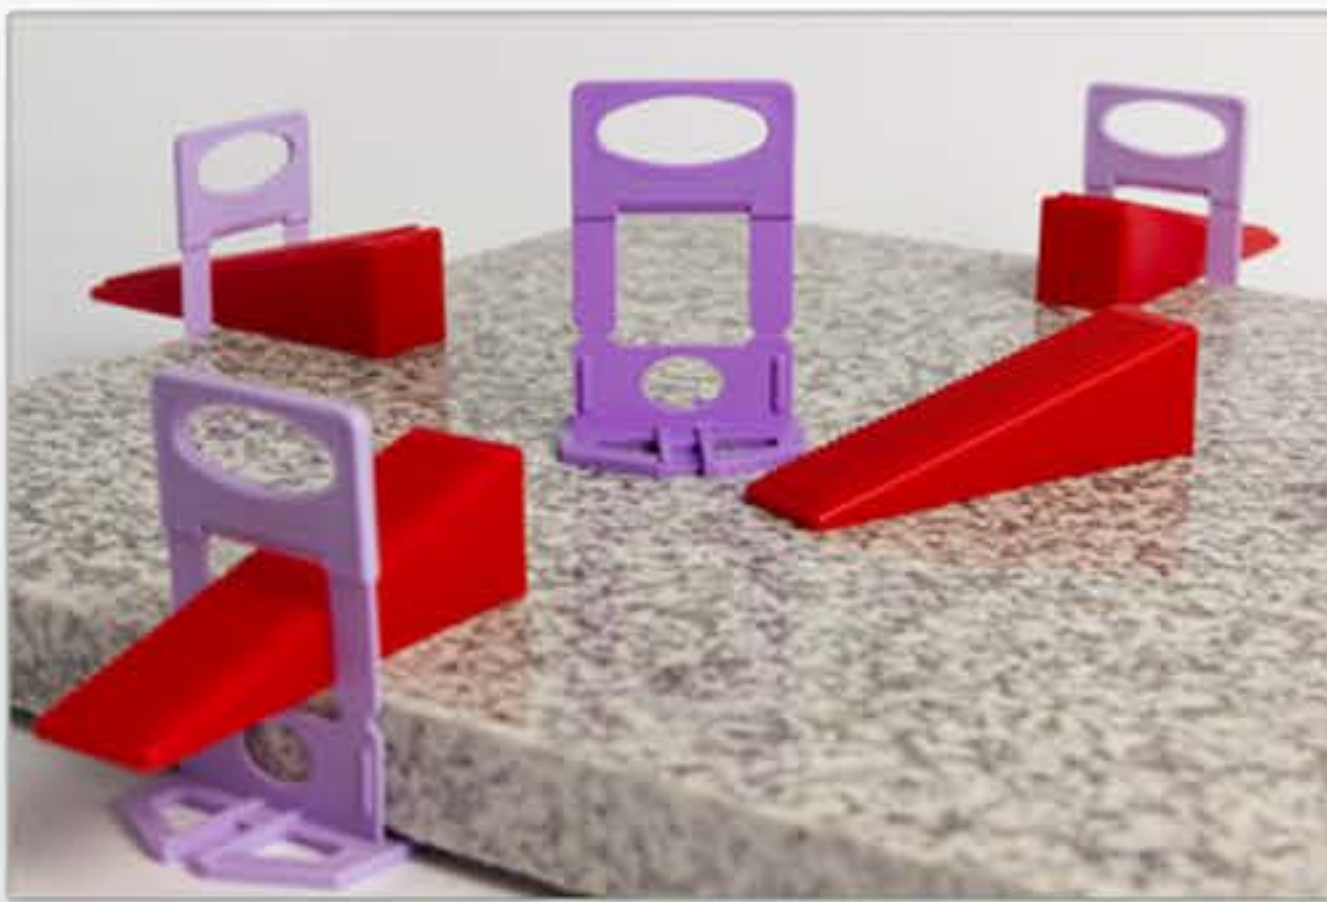

Mustang wedges are made from heavy duty durable pvc and can be used multiple times.

Perforated base allows for better tile adhesion.

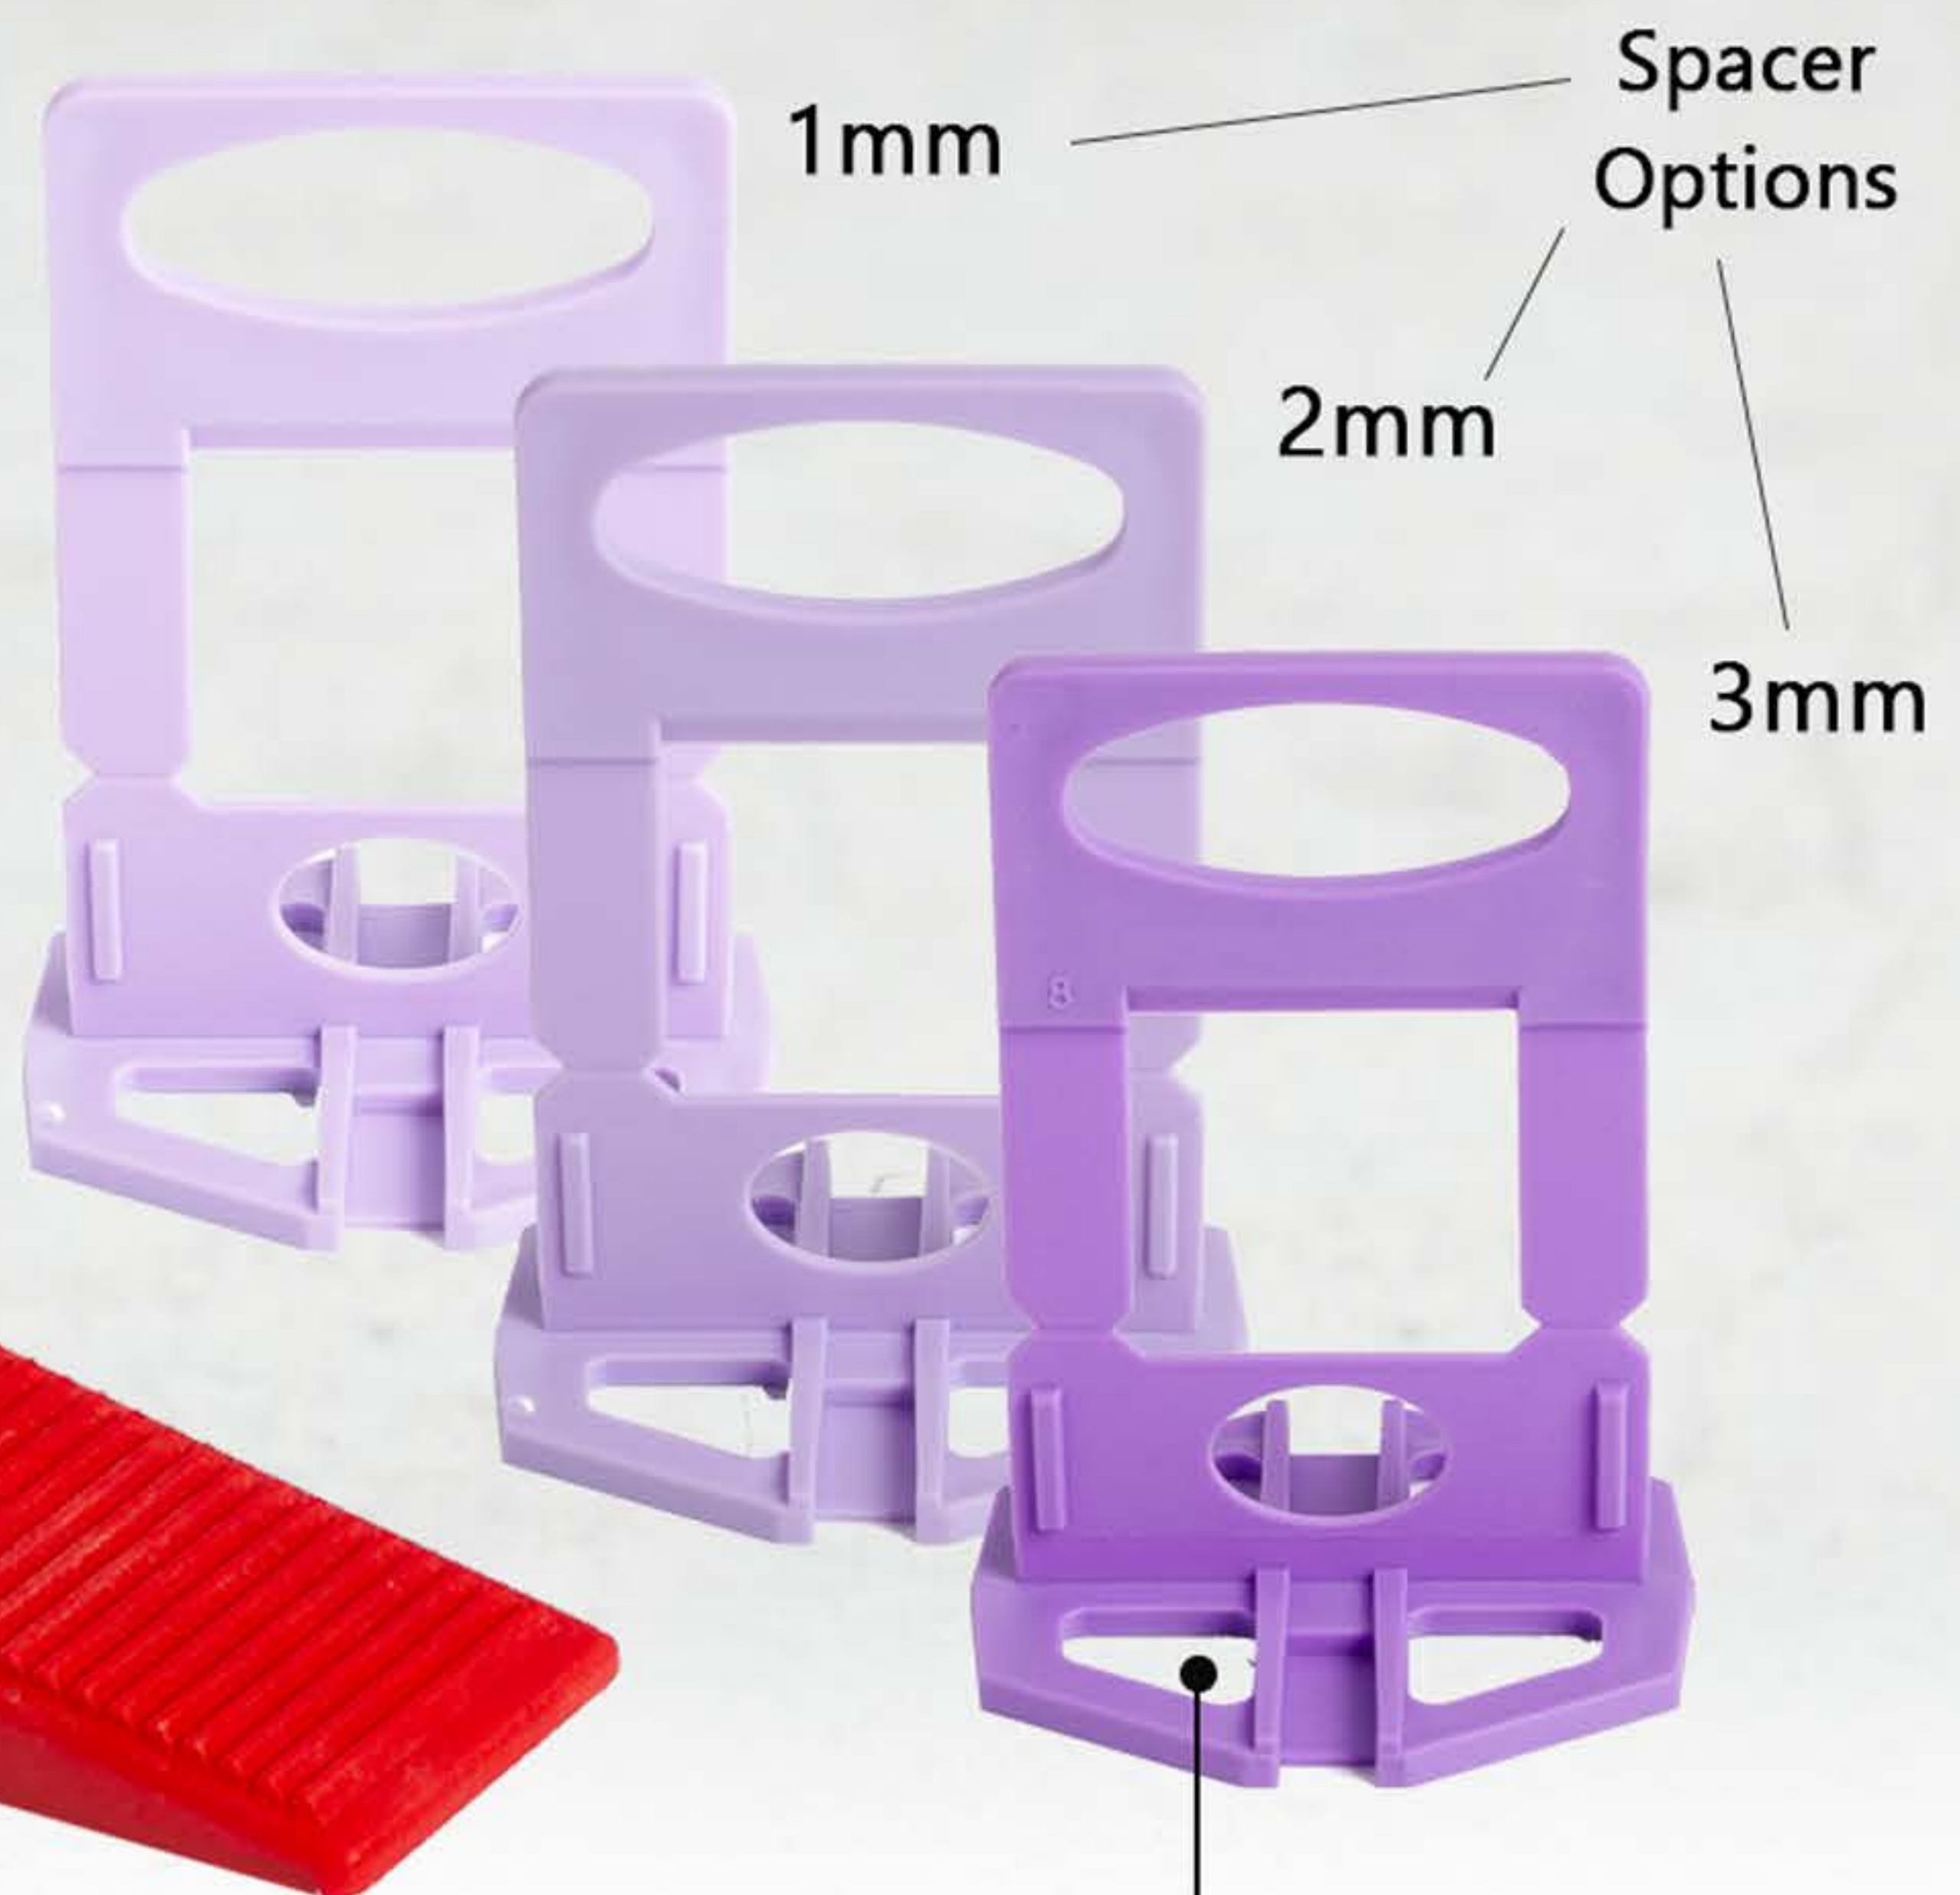

Mustang +Plus is geared towards levelling outdoor porcelain tiles, patio and external paving slabs between 20mm to 30mm in depth.

- ✓ **GREAT FOR EXTERNAL TILES & SLABS**
- ✓ **FAST, EFFICIENT & SIMPLE TO USE**
- ✓ **UP TO 30mm WORKING DEPTH**
- ✓ **DURABLE HIGH QUALITY PVC MATERIAL**
- ✓ **PROFESSIONAL LIP-FREE FINISH**
- ✓ **RE-USEABLE WEDGES**

Mustang wedges are universal with Mustang +Plus bases.

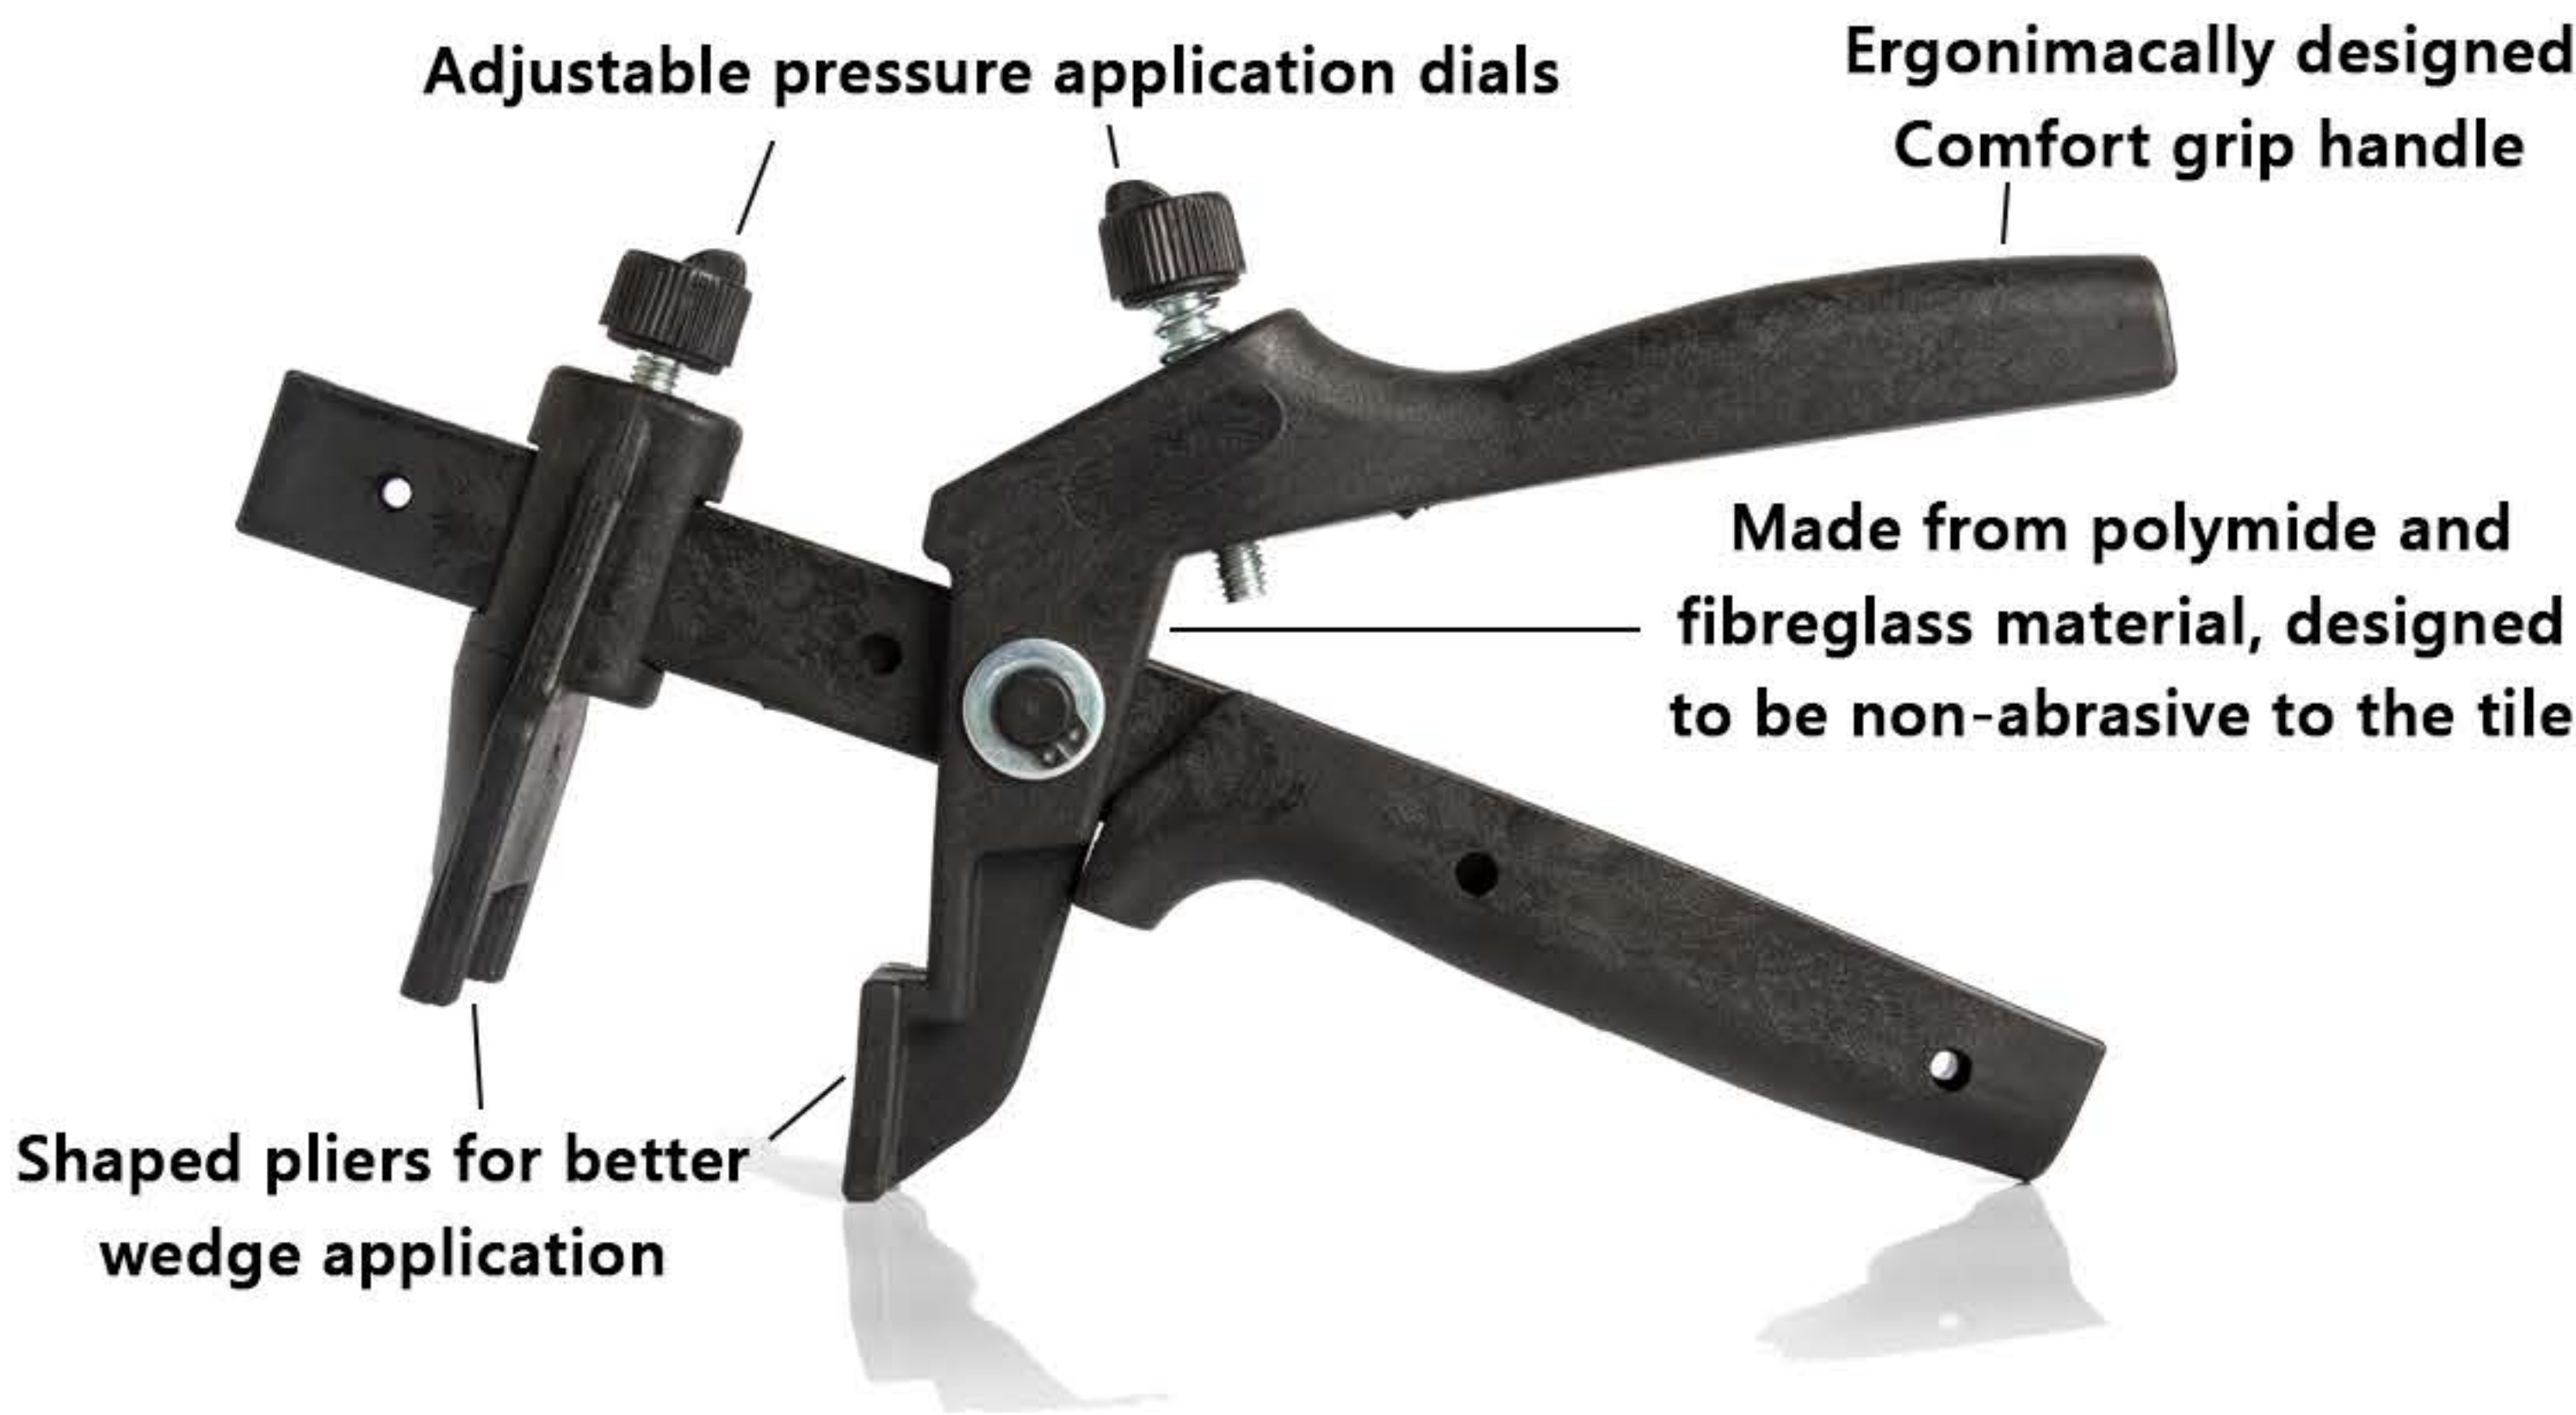

Perforated base allows for better tile adhesion.

PRECISION APPLICATION TOOL

The Mustang & Pony precision application tool applies an accurate amount of pressure when installing the wedges and base clips. The importance of this pressure is to ensure the base clip does not break with over tension and that the tiles are raised to the exact height, producing perfectly level, lip free finish.

Using the precision application tool allows accurate levelling of the tile.

WHICH SYSTEM SHOULD I USE ?

Options	PONY	MUSTANG	MUSTANG +

3mm

# POKER [Multi-depth re-useable tile spacers]

Poker multi-depth re-useable tile spacers can be used during the installation of porcelain or ceramic tiles alongside Mustang & Pony tile levelling systems to ensure consistent, even spacing between tiles. Poker Spacers make the tiling process easier and also help to provide a symmetrical flat surface finish in preparation for grouting. Use along the flat edge of each tile to achieve the required spacing width. For corners and edges we recommend using the Tri-Star spacer option below.

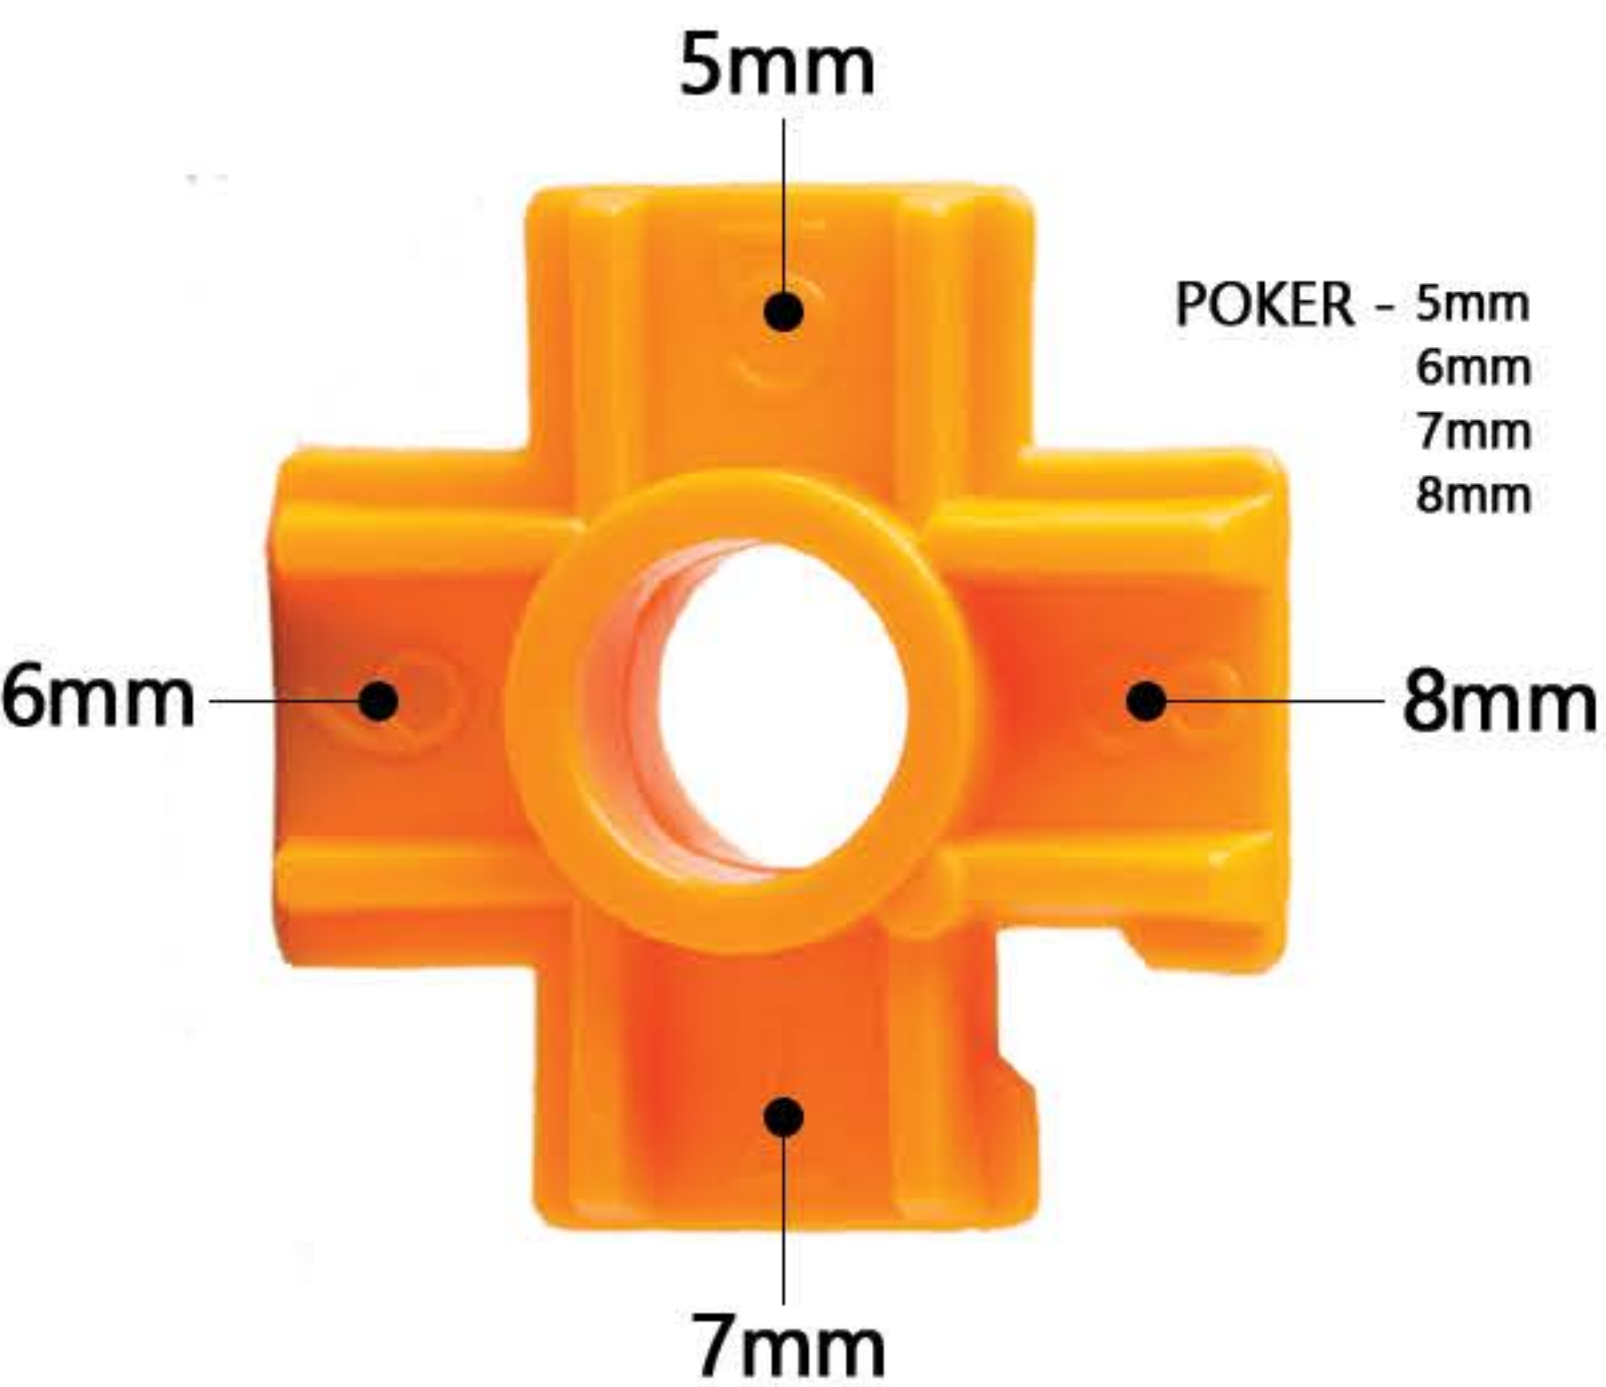

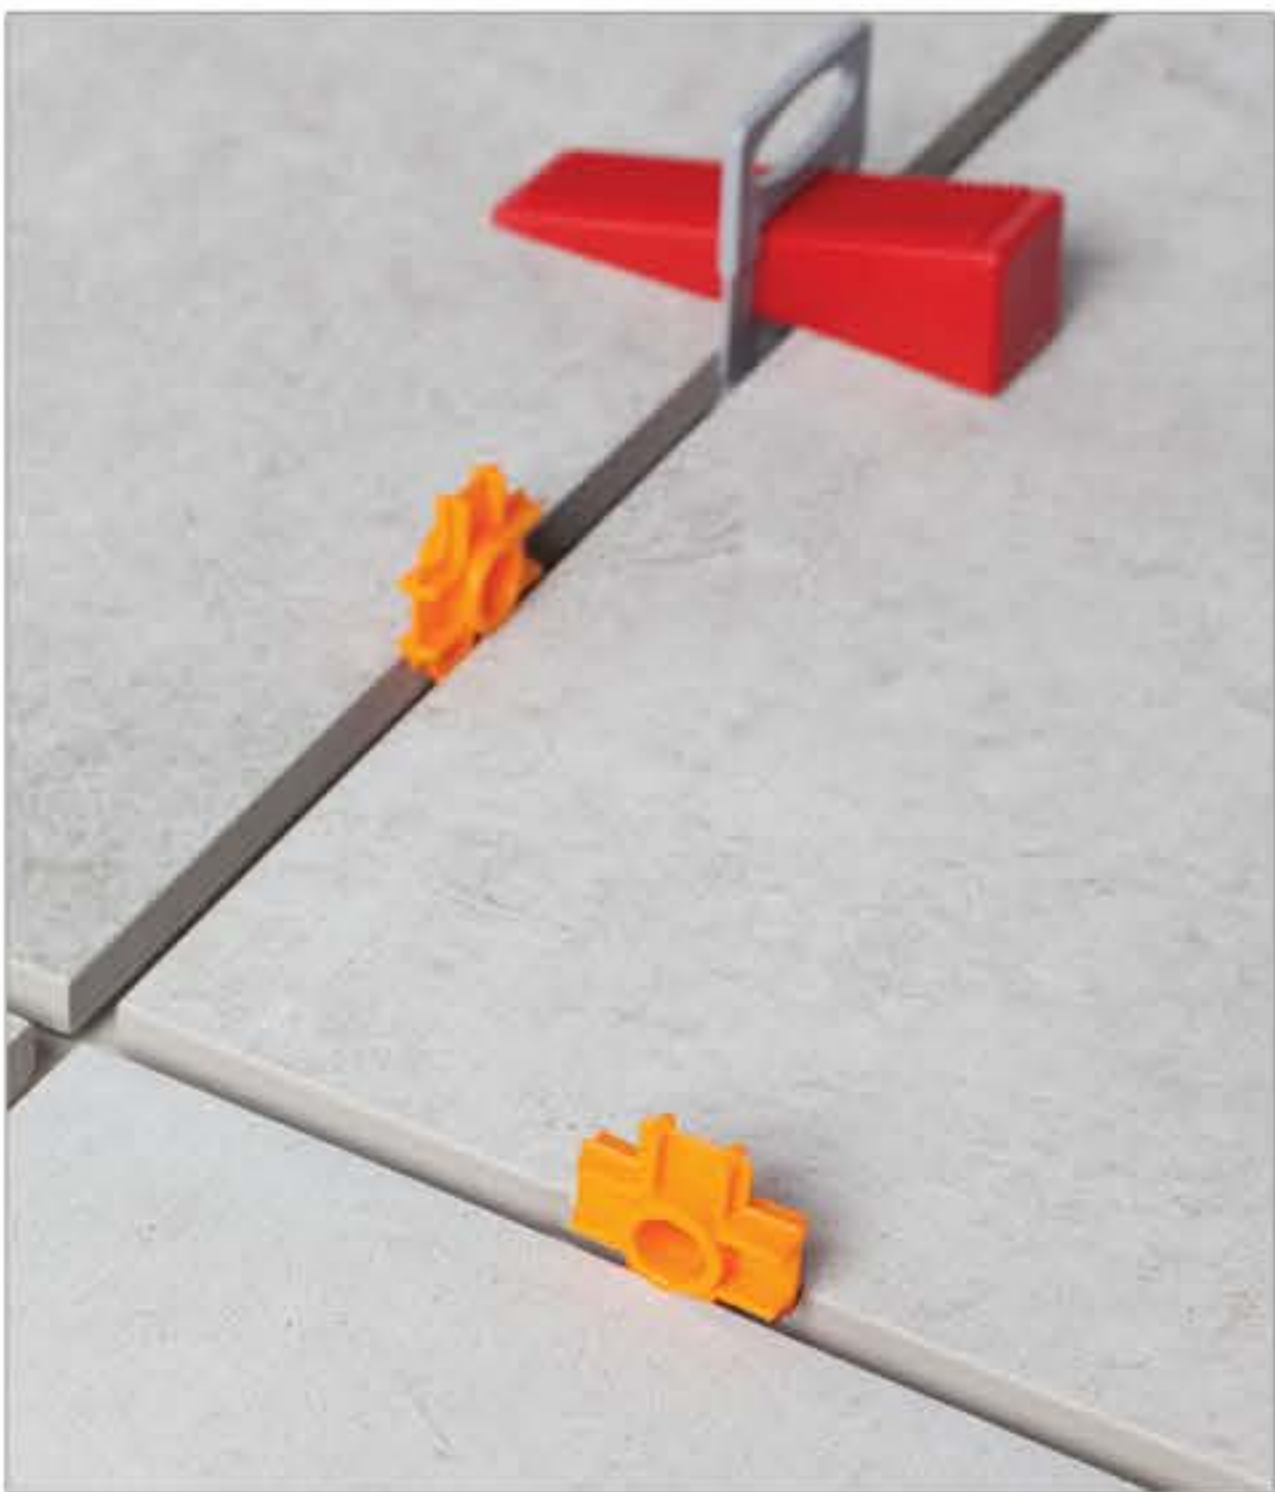

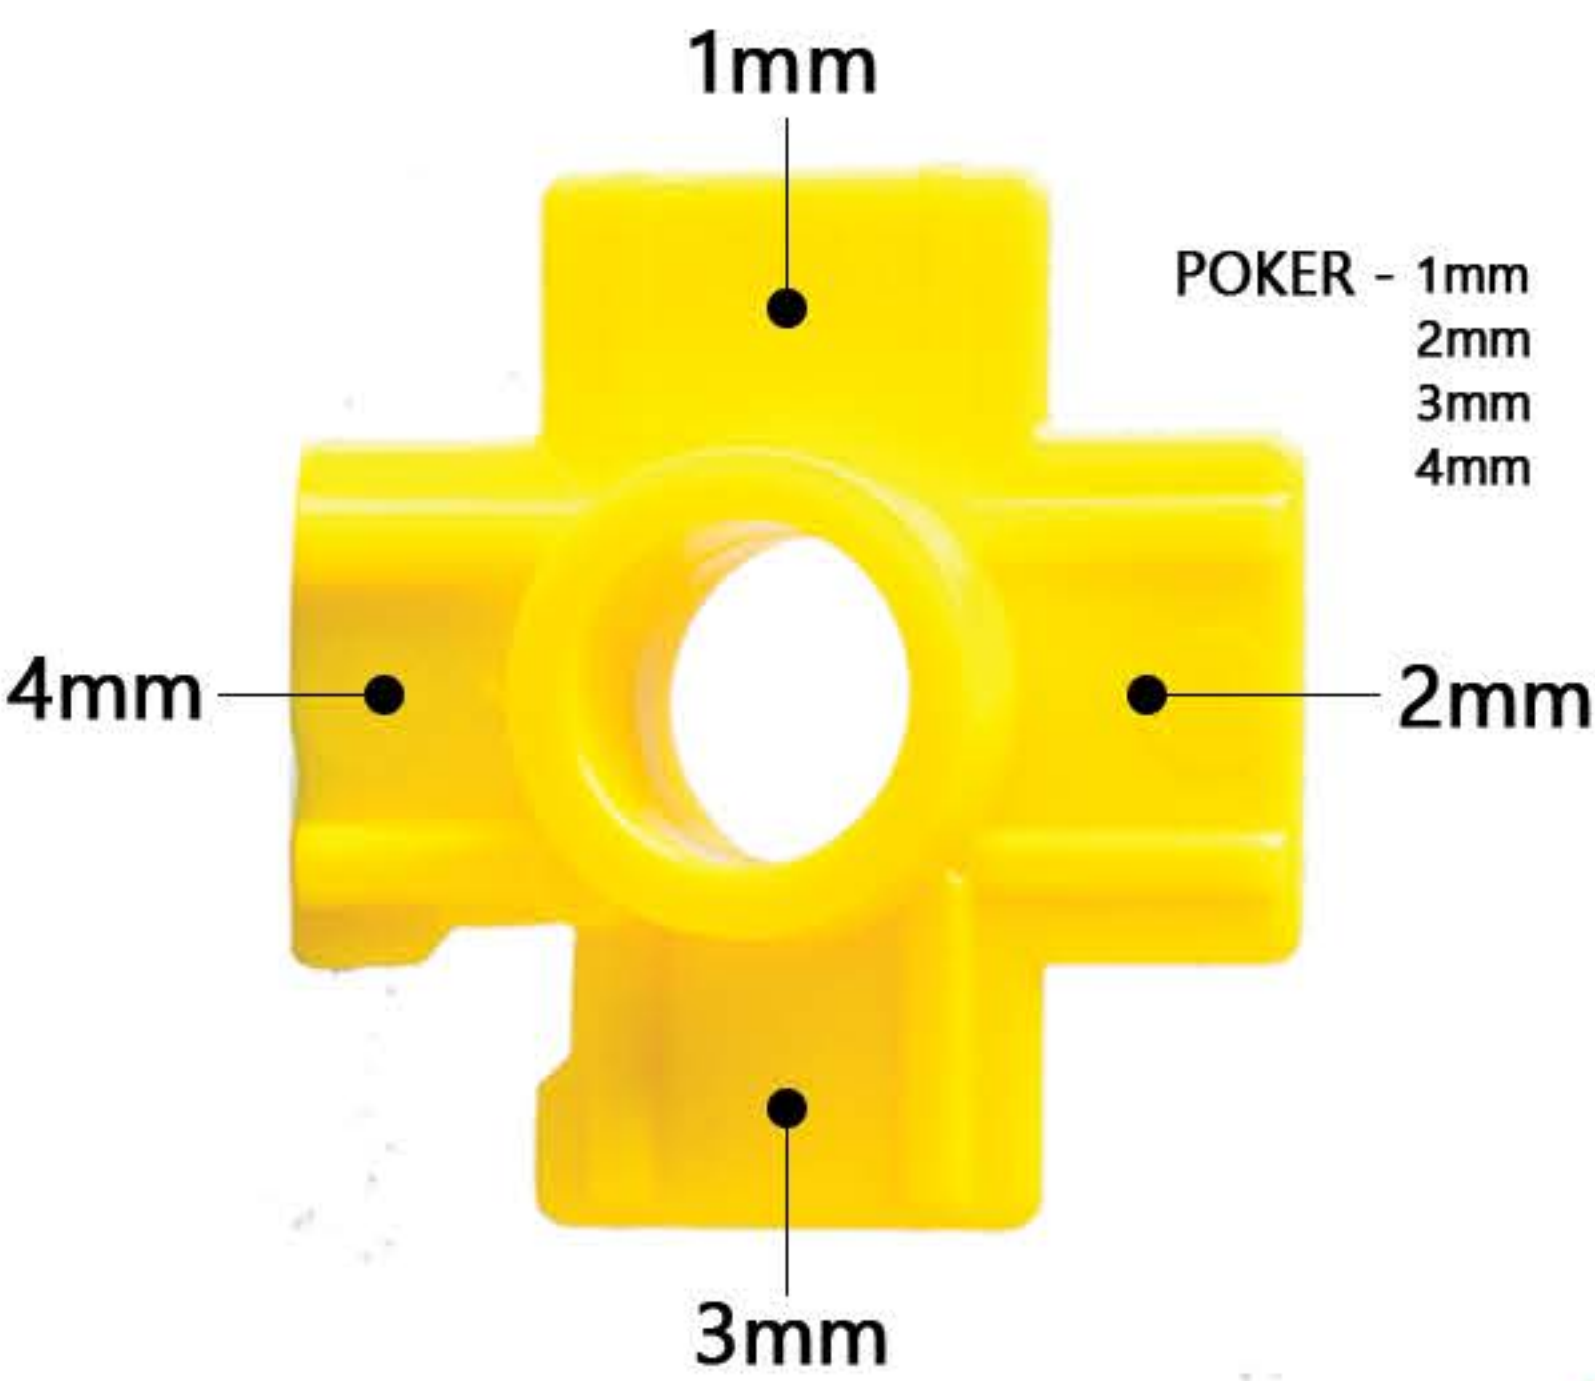

## PACK QTY's

POKER - 1mm / 2mm / 3mm / 4mm

Pieces per bag	100
Bags per box	40

POKER - 5mm / 6mm / 7mm / 8mm

Pieces per bag	100
Bags per box	40

# TRI-STAR [Multi-depth re-useable tile corner spacers]

Tri-Star multi-depth re-useable tile spacers can be used during the installation of porcelain or ceramic tiles alongside Mustang & Pony tile levelling systems to ensure consistent, even spacing between tiles. Tri-Star Spacers make the tiling process easier and also help to provide a symmetrical flat surface in preparation for grouting. Use on tile corners to achieve the required spacing width. For flat edges we recommend use of the Poker spacer option above.

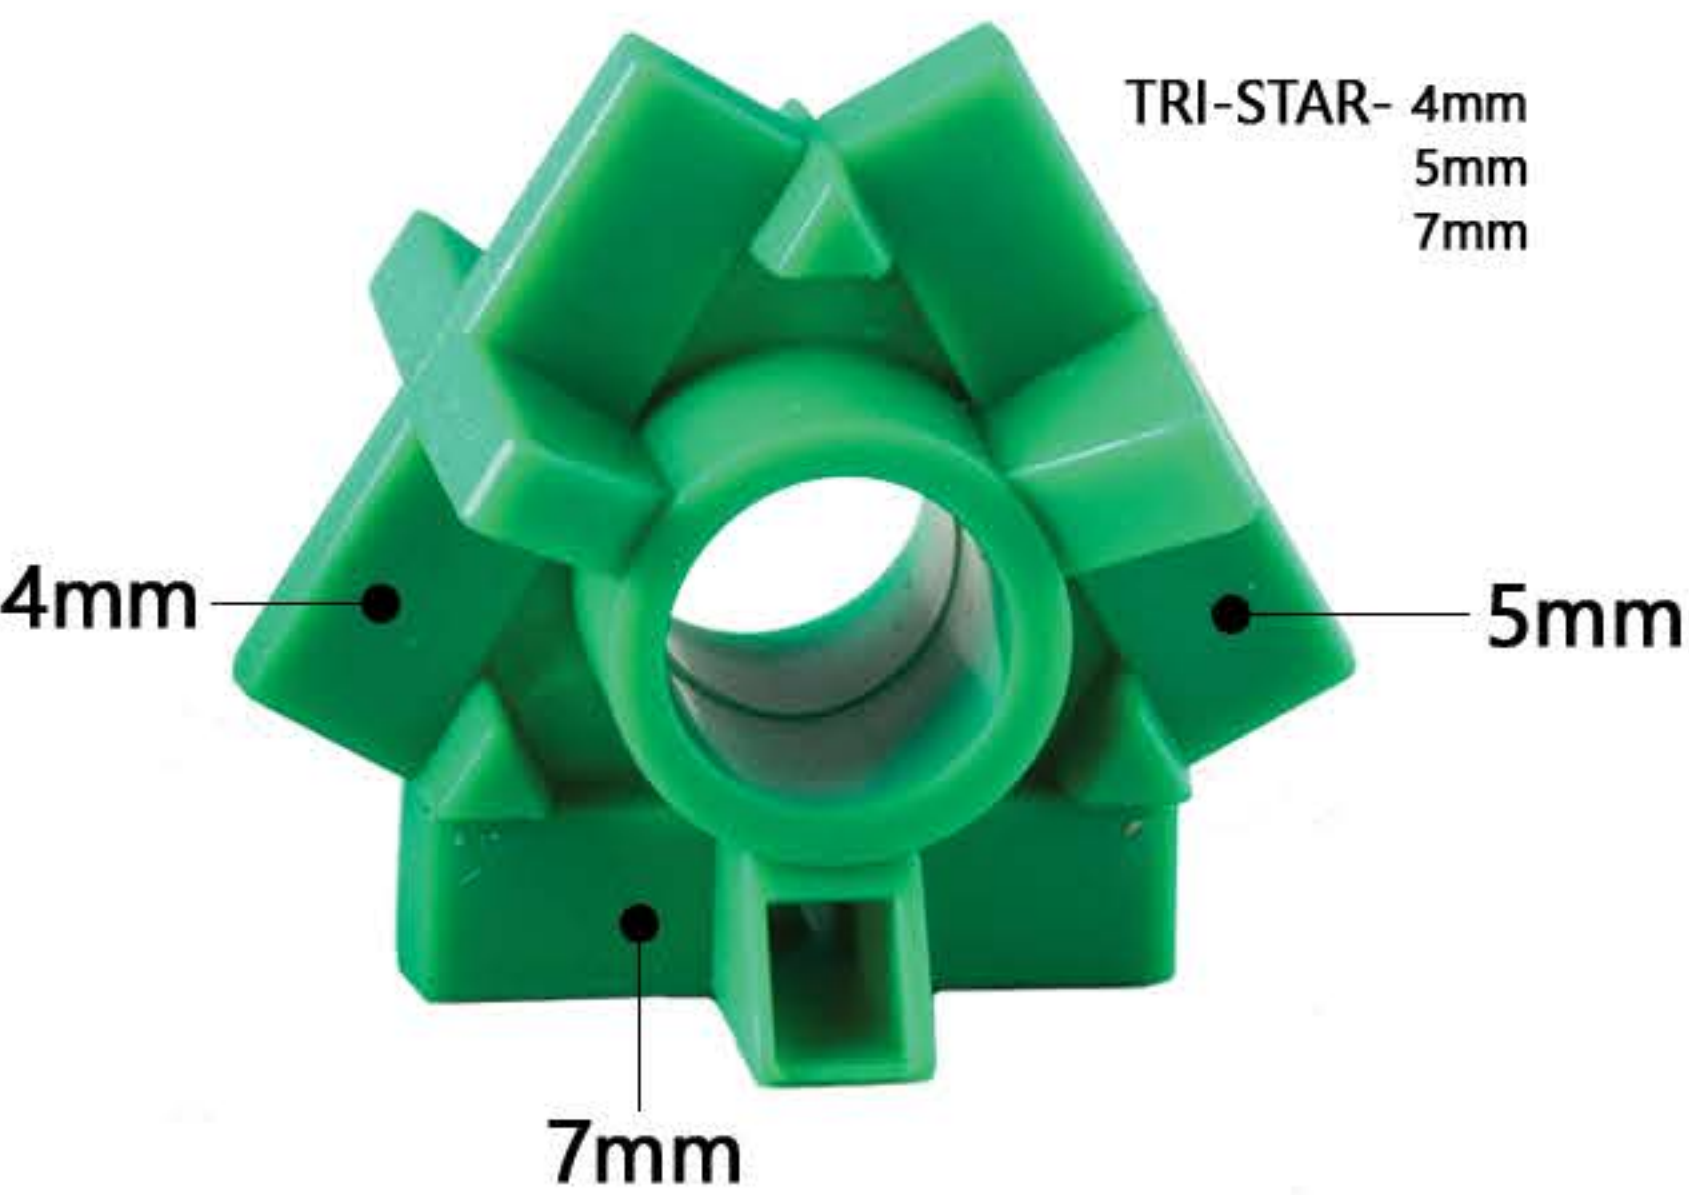

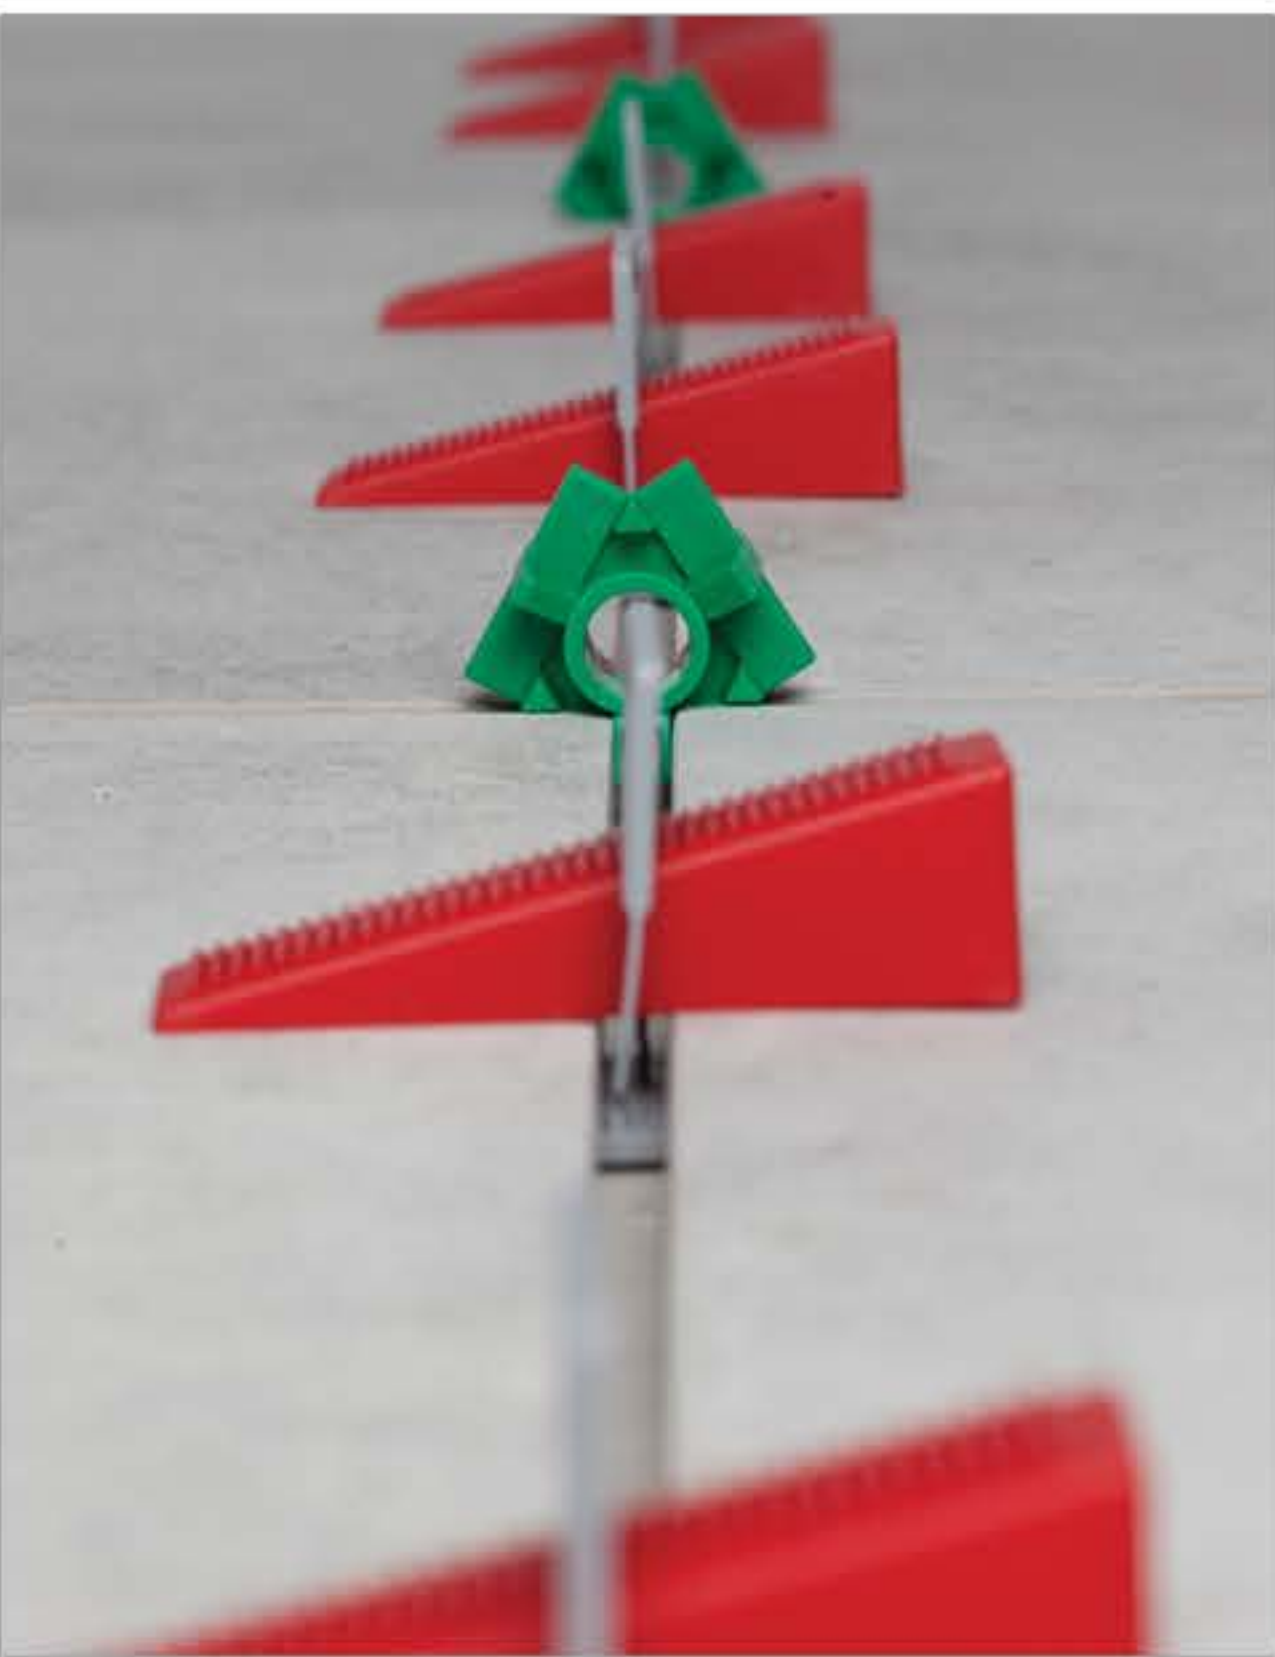

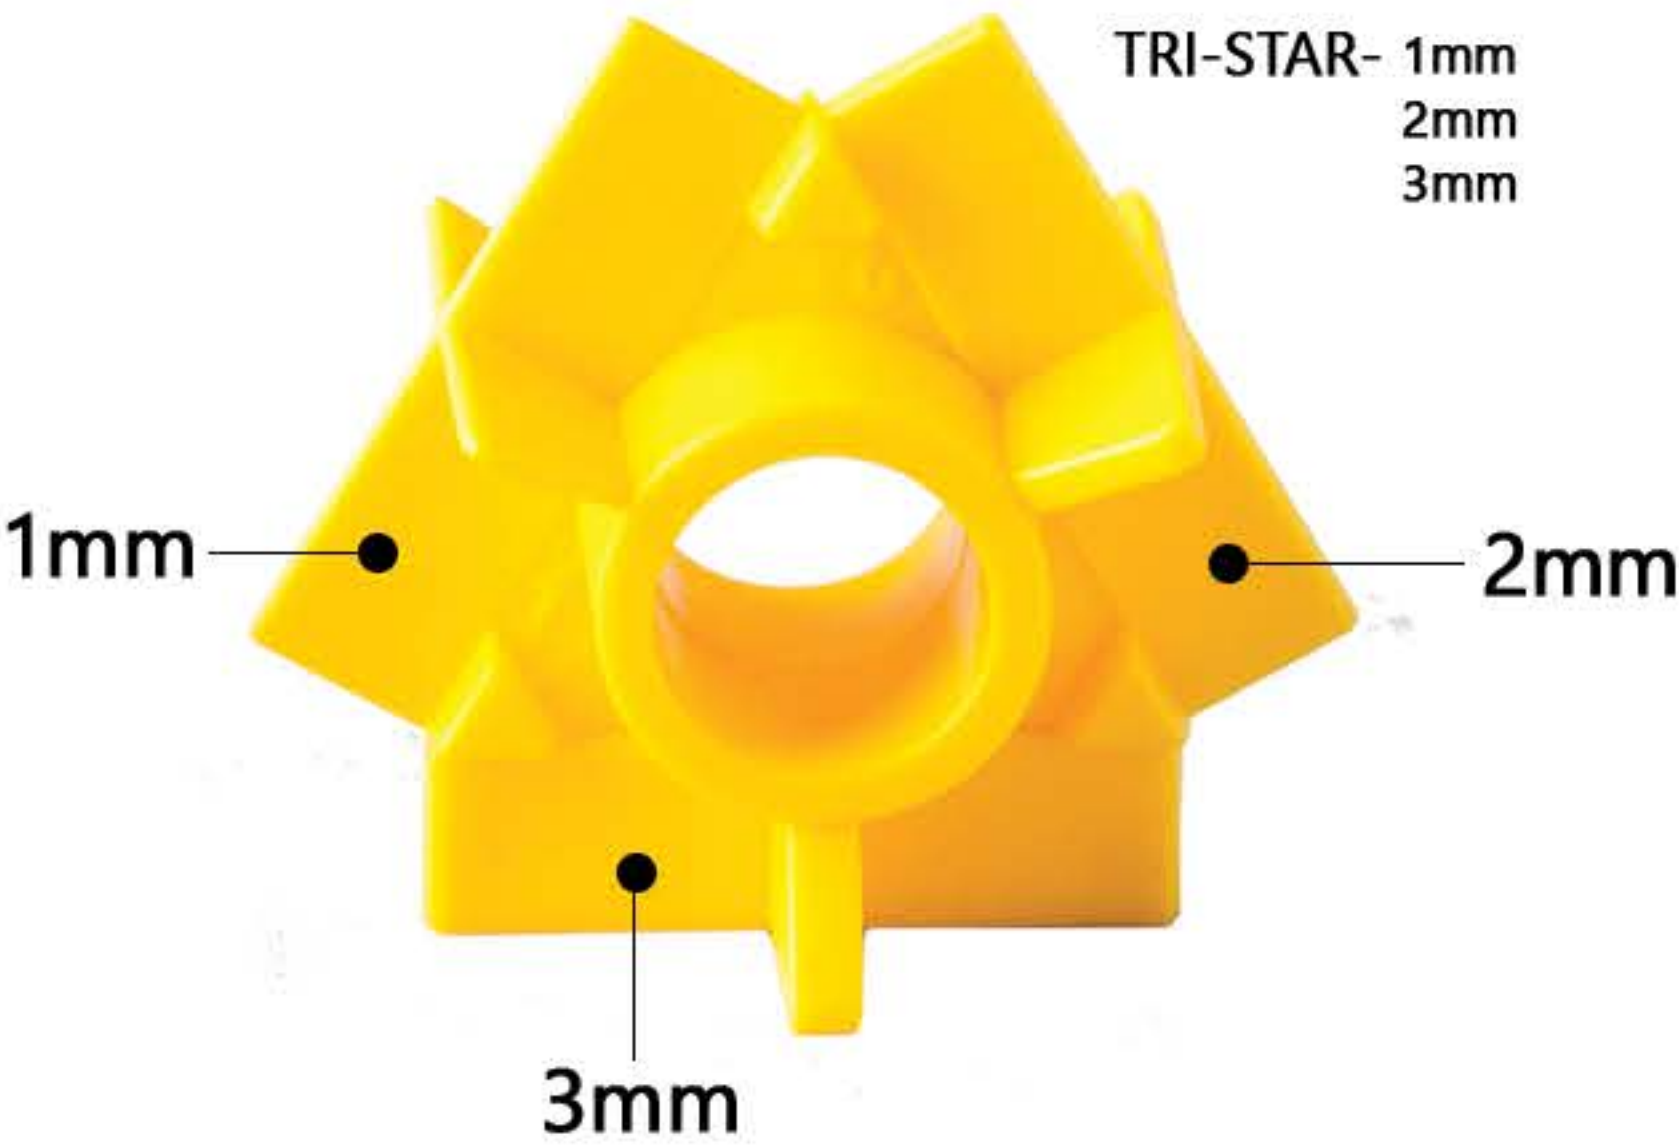

## TUB QTY's

TRI-STAR - 1mm / 2mm / 3mm

Pieces per tub	50
Tubs per box	10

TRI-STAR - 4mm / 5mm / 7mm

Pieces per tub	50
Tubs per box	10
